

	Transition Capital Disclosures in accordance with the requirments issued by Hong Kong Monetary Authority on 19 August 213	
	CET1 capital: instruments and reserves	
2	Directly issued qualifying CET1 capital instruments plus any related share premium	1,760,317
	Retained earnings	3,196,987
	Disclosed reserves	2,011,908
4	Directly issued capital subject to phase out from CET1 capital (only applicable to non-joint stock companies)	Not applicable
	Public sector capital injections grandfathered until 1 January 2018	Not applicable
ł	Minority interests arising from CET1 capital instruments issued by consolidated bank subsidiaries and held by third parties (amount allowed in CET1 capital of the consolidation group)	0
6	CET1 capital before regulatory deductions	6,969,212
	CET1 capital: regulatory deductions	
7	Valuation adjustments	0
8	Goodwill (net of associated deferred tax liability)	0
1	Other intangible assets (net of associated deferred tax liability)	0
	Deferred tax assets net of deferred tax liabilities Cash flow hedge reserve	1,501
	Excess of total EL amount over total eligible provisions under the IRB approach	0
	Gain-on-sale arising from securitization transactions	0
	Gains and losses due to changes in own credit risk on fair valued liabilities	0
ţ	Defined benefit pension fund net assets (net of associated deferred tax liabilities)	0
10	Investments in own CET1 capital instruments (if not already netted off paid-in capital on reported balance sheet)	0
	Reciprocal cross-holdings in CET1 capital instruments	0
1	Insignificant capital investments in CET1 capital instruments issued by financial sector entities that are outside the scope of regulatory	0
10	consolidation (amount above 10% threshold)	U
1	Significant capital investments in CET1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	0
20	Mortgage servicing rights (amount above 10% threshold)	Not applicable
2	Deferred tax assets arising from temporary differences (amount above 10% threshold, net of related tax liability)	Not applicable
22	Amount exceeding the 15% threshold	Not applicable
2	of which: significant investments in the common stock of financial sector entities	Not applicable
24	of which: mortgage servicing rights	Not applicable
25	of which: deferred tax assets arising from temporary differences	Not applicable
26	National specific regulatory adjustments applied to CET1 capital	528,894
3	Cumulative fair value gains arising from the revaluation of land and buildings (own-use and investment properties)	87,894
3k	Regulatory reserve for general banking risks	441,000
(Securitization exposures specified in a notice given by the Monetary Authority	0
6	Cumulative losses below depreciated cost arising from the institution's holdings of land and buildings	0
66	Capital shortfall of regulated non-bank subsidiaries	0
26	Capital investment in a connected company which is a commercial entity (amount above 15% of the reporting institution's capital base)	0
		0
2	Regulatory deductions applied to CET1 capital due to insufficient AT1 capital and Tier 2 capital to cover deductions	0
28	Total regulatory deductions to CET1 capital	530,395
20	CET1 capital	6,438,817
	AT1 capital: instruments	-
	Qualifying AT1 capital instruments plus any related share premium of which: classified as equity under applicable accounting standards	0
	of which: classified as liabilities under applicable accounting standards	0
	Capital instruments subject to phase out arrangements from AT1 capital	0
3.	AT1 capital instruments issued by consolidated bank subsidiaries and held by third parties (amount allowed in AT1 capital of the consolidation group)	0
	of which: AT1 capital instruments issued by subsidiaries subject to phase out arrangements AT1 capital before regulatory deductions	0
	AT1 capital: regulatory deductions	-
	Investments in own AT1 capital instruments Reciprocal cross-holdings in AT1 capital instruments	0

Notes to the template: Elements where a more conservative definition has been applied in the BCR relative to that set out in Basel III capital standards:

Row	where a more conservative definition has been applied in the BCR relative to that set out in Basel III capital standards: Description	Hong Kong basis	Basel III basis			
110.	Other intangible assets (net of associated deferred tax liability)	0	0			
9	Explanation As set out in paragraph 87 of the Basel III text issued by the Basel Committee (December 2010), mortgage servicing rights (MSRs) may be given limited recognition in CET1 capital (and hence be excluded from deduction from CET1 capital up to the specified threshold). In Hong Kong, an AI is required to follow the accounting treatment of including MSRs as pa of intangible assets reported in the AI's financial statements and to deduct MSRs in full from CET1 capital. Therefore, the amount to be deducted as reported in row 9 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 9 (i.e. the amount reported under the "Hong Kong basis") adjusted by reducing the amount of MSRs to be deducted to the extent not in excess of the 10% threshold set for MSRs and the aggregate 15% threshold set for MSRs, DTAs arising from temporary differences and significant investments in CET1 capital instruments issued by financial sector entities (excluding those that are loans, facilities o other credit exposures to connected companies) under Basel III.					
	Deferred tax assets net of deferred tax liabilities	1,501	0			
10	Explanation As set out in paragraphs 69 and 87 of the Basel III text issued by the Basel Committee (December 2010), DTAs that rely on future profitability of the bank to be realized are to be deducted, whereas DTAs which relate to temporary differences may be given limited recognition in CET1 capital (and hence be excluded from deduction from CET1 capital up to the specified threshold). In Hong Kong, an AI is required to deduct all DTAs in full, irrespective of their origin, from CET1 capital. Therefore, the amount to be deducted as reported in row 10 may be greater than that required under Basel III.					
	The amount reported under the column "Basel III basis" in this box represents the amount reported in row 10 (i.e. the amount reported und reducing the amount of DTAs to be deducted which relate to temporary differences to the extent not in excess of the 10% threshold set for and the aggregate 15% threshold set for MSRs, DTAs arising from temporary differences and significant investments in CET1 capital instr (excluding those that are loans, facilities and other credit exposures to connected companies) under Basel III.	DTAs arising from t	emporary differences			
	Insignificant capital investments in CET1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	0	0			
18	Explanation For the purpose of determining the total amount of insignificant capital investments in CET1 capital instruments issued by financial sector entities, an AI is required to aggregate any amount of loans, facilities or other credit exposures provided by it to any of its connected companies, where the connected company is a financial sector entity, as if such loans, facilities or other credit exposures were direct holdings, indirect holdings or synthetic holdings of the AI in the capital instruments of the financial sector entity, except where the AI demonstrates to the satisfaction of the Monetary Authority that any such loan was made, any such facility was granted, or any such other credit exposure was incurred, in the ordinary course of the AI's business.					
	Therefore, the amount to be deducted as reported in row 18 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 18 (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facilities or other credit exposures to the AI's connected companies which were subject to deduction under the Hong Kong approach.					
	Significant capital investments in CET1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	0	0			
19	Explanation For the purpose of determining the total amount of insignificant capital investments in CET1 capital instruments issued by financial sector entities, an AI is required to aggregate any amount of loans, facilities or other credit exposures provided by it to any of its connected companies, where the connected company is a financial sector entity, as if such loans, facilities or other credit exposures were direct holdings, indirect holdings or synthetic holdings of the AI in the capital instruments of the financial sector entity, except where the AI demonstrates to the satisfaction of the Monetary Authority that any such loan was made, any such facility was granted, or any such other credit exposure was incurred, in the ordinary course of the AI's business.					
	Therefore, the amount to be deducted as reported in row 19 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 19 (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facilities or other credit exposures to the AI's connected companies which were subject to deduction under the Hong Kong approach.					
	Insignificant capital investments in AT1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	0	0			
39	Explanation The effect of treating loans, facilities or other credit exposures to connected companies which are financial sector entities as CET1 capital instruments for the purpose of considering deductions to be made in calculating the capital base (see note re row 18 to the template above) will mean the headroom within the threshold available for the exemption from capital deduction of other insignificant capital investments in AT1 capital instruments may be smaller. Therefore, the amount to be deducted as reported in row 39 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 39 (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facilities or other credit exposures to the AI's connected companies which were subject to deduction under the Hong Kong approach.					
	Insignificant capital investments in Tier 2 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation	0	0			
54	Explanation The effect of treating loans, facilities or other credit exposures to connected companies which are financial sector entities as CET1 capital instruments for the purpose of considering deductions to be made in calculating the capital base (see note re row 18 to the template above) will mean the headroom within the threshold available for the exemption from capital deduction of other insignificant capital investments in Tier 2 capital instruments may be smaller. Therefore, the amount to be deducted as reported in row 54 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 54 (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facilities or other credit exposures to the AI's connected companies which were subject to deduction under the Hong Kong approach.					
Remarks The amo	unt of the 10% / 15% thresholds mentioned above is calculated based on the amount of CET1 capital determined under the Banking (Capi	tal) Rules.
