Expressions and terms used in this Section I have the meanings ascribed to them in Part 1 unless otherwise defined or specified in these terms and conditions.

- 1.1 A Savings Account may be a Passbook Savings Account or a Statement Savings Account, and reference to “Savings Account” in the Account Terms may include Passbook Savings Account and / or Statement Savings Account, as the case may be.
- 1.2 The Bank will issue a passbook for the operation of a Passbook Savings Account. Unless otherwise agreed by the Bank and subject to the other provisions of these Account Terms, all transactions upon and other operations of a Passbook Savings Account, including withdrawals at the counters, may only be made by production of the passbook during such business hours as may be determined by the Bank from time to time, provided that the Bank reserves the right to require the Customer to make the withdrawals, transactions and operations in person and produce identification satisfactory to the Bank prior to making any such withdrawals, transactions and operations. The Customer shall examine the passbook, the transaction slips and records carefully after each transaction before leaving the counter to ensure that appropriate and correct entries have been made. No entries shall be made in the passbook by the Customer. The passbook must be presented to the Bank as and when required by the Bank for any relevant interest or unposted items to be entered. All passbooks are the property of the Bank.
- 1.3 No passbook will be issued for a Statement Savings Account. The Bank will issue statements for Statement Savings Account in the manner as provided under Clause 7 of Part 1. Without prejudice to other provisions of the Account Terms, all transactions upon and other operations of a Statement Savings Account, including deposits, transfers or withdrawals at the counters, may only be made by the Customer in person with the production of the Customer’s document of identification satisfactory to the Bank prior to making any such transactions or operations during such business hours as may be determined by the Bank from time to time. The Customer shall examine the transaction slips and records carefully after each transaction before leaving the counter to ensure that appropriate and correct entries have been made.

- 1.5 The Customer shall at all times keep the passbook with due care under lock and key. If the passbook is lost, damaged or stolen, the Customer shall notify the Bank immediately in writing. Replacement of any passbook will only be made at the request of the Customer by the Bank subject to payment of such charges as may be determined by the Bank from time to time. Details of such charges are available on request and shall be displayed at the Bank’s branch offices or website from time to time in Hong Kong.

- 1.10 The Customer shall regularly update, and examine all transactions and entries recorded on the Customer’s passbook and the statements.
- 1.11 Balances in any passbook or the statements for any Savings Account do not necessarily indicate the correct balances of the Account as some transactions may not have been recorded in the passbook or the statements. However, notwithstanding the above, any transactions once posted in the passbook or the statements shall be deemed conclusively accepted and cannot be subsequently disputed by the Customer unless the Bank shall have actually received notice in writing from the Customer of any unauthorized transaction within 90 days of such posting for a Passbook Savings Account or in the manner as provided under Clause 7 of Part 1 for a Statement Savings Account. - 1.12 The Bank is entitled to set a limit on the number of unposted transactions in respect of any Passbook Savings Account. If the number of the unposted transactions exceeds any such limit, all unposted transactions may be consolidated as one single entry and updated on the

passbook when the latter is next presented to the Bank. Individual items may not be posted on the passbook in these circumstances. The limit may be set by the Bank at its discretion from time to time.

Interest will accrue on a daily basis but no interest will accrue on the day when a Savings Account is closed. Accrued interest (rounded upward or downward according to the Bank's prevailing practice) will be credited to a Savings Account at such intervals as the Bank may from time to time determine or otherwise as agreed with the Customer.
- 1.15 The Bank reserves the right not to act on any instruction unless given in writing in a form and manner prescribed by the Bank.
- 1.16 Withdrawals from Savings Accounts which would result in the Savings Accounts being overdrawn shall not be permitted unless special arrangements have been agreed with the Bank. If a temporary overdraft facility is granted by the Bank, the Customer shall undertake to refund to the Bank the whole amount so overdrawn with interest thereon at a rate prescribed by the Bank as applicable to the overdraft facilities granted in its ordinary course of business to customers or at such other rate as may be agreed between the Bank and the Customer.
- 1.17 A deposit charge at a rate determined by the Bank from time to time may be charged by the Bank on Savings Accounts. Details of such deposit charges are available on request and shall be displayed at all branches of the Bank in Hong Kong, or the Bank's website.
- 1.18 For certain Accounts, the Bank will pay interest on the Customer's credit balance. Notwithstanding the foregoing, the Bank may apply a negative interest rate over a credit balance. Interest (including negative interest) will be calculated at the rate, and be credited to or debited from (as the case may be) the Customer's Account at the time, determined by the Bank from time to time.

If any blank cheques are lost, the Customer shall notify the Bank immediately and request their cancellation. Any instructions countermending a cheque by the Customer must include complete and accurate details of the number of the cheque, the name of the payee and the amount and date. The Bank shall only comply with such instructions if all such details accord strictly with those of the cheque presented for payment. The Customer agrees to indemnify the Bank against all reasonable losses and expenses it may incur resulting from the non-payment of the cheque on presentation.
- 7 The Customer agrees to indemnify the Bank and keep the Bank indemnified against, and agrees that the Bank is entitled to debit any Account to compensate the Bank for, all reasonable claims, demands, actions, damages, costs, losses, expenses (including legal fees) and other sums which the Bank may properly incur or pay by reason of or as a consequence of the Bank paying pursuant to a cheque or other document that is lost, stolen, unlawfully used, fraudulently altered or forged and not as a result of the Bank's negligence, wilful default or fraud.
- 8 If any cheque is presented for payment by physical presentment, the Bank shall return to the relevant collecting bank such cheque if it is incorrectly completed, altered without authorization, post-dated, out of date or has any discrepancies that the Bank considers will jeopardize the parties concerned. **The Bank reserves the right to impose a reasonable handling charge and recover from the Customer any expenses incurred by the Bank as a result of returning the cheque.**
- 9 The Bank shall not honour any cheque if the Account on which it is drawn is not in funds unless special overdraft arrangements have been agreed. If temporary overdraft facilities are granted by the Bank, the Customer shall undertake to refund to the Bank on demand the whole amount so overdrawn with interest thereon at a rate prescribed by the Bank as applicable to the overdraft facilities granted in its ordinary course of business to customers or at such other rate as may be agreed between the Bank and the Customer. **The Bank reserves the right to impose a charge determined by the Bank in its discretion for every dishonored cheque.**
- 10 **The Customer shall pay the fees and charges stipulated by the Bank from time to time and the Bank's other out of pocket expenses incurred with respect to stopping payment of a cheque or any countermending instructions from the Customer. A deposit charge at a rate determined by the Bank from time to time may be charged by the Bank on Current Accounts. Details of any such fees, charges and expenses are available on request and shall be displayed at all branches of the Bank in Hong Kong or its website.**
- 11 Order cheques to be credited to an Account must be properly endorsed in favour of the Customer. Cheques drawn to the order of a third party and so endorsed may be accepted for deposit at the sole discretion of the Bank without prejudice to its rights to claim from the Customer any loss arising from such acceptance. The Customer shall undertake to refund in full to the Bank immediately upon request any loss sustained by it by reason of the Bank allowing the Customer to draw against uncleared cheques or as a result of the Bank endorsing the cheques or from any other cause whatsoever.
- 12 Unless otherwise agreed, no interest is payable on any credit balance maintained on a Current Account.
- 13 All debit cards and cheque books (if applicable) must be returned to the Bank upon termination of the Current Account by the Customer or the Bank.
- 14 The Bank shall exercise reasonable care in relation to the custody and presentation of cheques presented by the Customer for collection but shall not be liable for loss suffered by the Customer as a result of any loss or destruction of cheques or delay in presentation thereof in the absence of fraud, negligence or wilful default on the part of the Bank, its employees acting in the course of their employment or agents acting within their apparent authority. The Bank shall incur no liability as a result of any loss or destruction of cheques or delay in presentation while the cheques are in the custody of any properly authorized third party through whom such cheques are presented for collection. The Bank shall not be liable for any consequential loss arising as a result of the loss or destruction of cheques or their delay in presentation.
- 15 The Customer agrees that:
 - (a) cheques drawn by the Customer which have been paid may, after having been recorded in electronic form, be retained by the collecting bank or HKICL for such period as is stated in the Hong Kong Dollar Clearing House Rules or the US Dollar Clearing House Rules or the Renminbi Clearing House Rules, as the case may be, from time to time issued by HKICL or such other rules relating to the operation of the HK Dollar Clearing House or the US Dollar Clearing House or the RMB Clearing House as may be in force from time to time and after the lapse of such period, such cheques may be destroyed by the collecting bank or HKICL, as the case may be; and
 - (b) the Bank is authorized to contract inter alia with any collecting bank and HKICL in accordance with the terms in Clause 15(a) of this Section and generally in respect of the retention and destruction of cheques.
- 16 Unless special arrangements are agreed with the Bank or there are exceptional circumstances beyond the Bank's control (such as when a Black Rainstorm warning is issued or a typhoon signal No. 8 or above is hoisted), the proceeds of a cheque drawn on a local bank will be available for drawing:
 - (a) (for cheques deposited with the Bank on a Business Day other than a Saturday) after 3:00 p.m. on the second Business Day immediately following the Business Day on which the cheque is deposited with the Bank for collection;

- (b) (for cheques deposited with the Bank on a Saturday) after 3:00 p.m. on the second Business Day immediately following the Saturday; and
- (c) (for cheques deposited with the Bank on a Business Day immediately preceding a Saturday) after 3:00 p.m. on the Business Day immediately following the Saturday.

17 OD Protection

Where an overdraft protection facility (“**OD Protection**”) with a pre-defined limit is granted to the HKD / USD / RMB Current Account, the Customer agrees that:

- (a) the OD Protection may be granted, revised and cancelled at any time at the Bank’s sole discretion without notice;
- (b) the pre-defined limit of OD Protection shall be subject to variation from time to time by the Bank;
- (c) interest on the OD Protection shall accrue at the rate(s) determined from time to time by the Bank and will be payable monthly to the debit of the HKD / USD / RMB Current Account; and
- (d) the Bank has the overriding right at any time to demand immediate repayment of any debit balance created under the OD Protection.

18 If the Account is a US Dollar Current Account, the following provisions shall apply:

- (a) All deposits and withdrawals in US Dollar notes in respect of a US Dollar Current Account are subject to commission in lieu of exchange unless the amount to be deposited or withdrawn is below an amount from time to time prescribed by the Bank in its absolute discretion. If any such amount is prescribed by the Bank, it shall notify the Customer of the same as soon as practicable.
- (b) Cash withdrawals in US Dollars from a US Dollar Current Account are strictly subject to availability of US Dollar notes at the branch at which the Account is opened.
- (c) The Bank shall not be liable for any reduction in the amount of US Dollars credited to any US Dollar Current Account due to taxes, imposts or depreciation, nor for the unavailability of US Dollars due to restrictions on convertibility, or other causes beyond the Bank’s control.
- (d) The Customer acknowledges that:
 - (i) cheques drawn on or paid into a US Dollar Current Account may be processed in the US Dollar clearing system provided by HKICL, in which the Bank is one of the participants; and
 - (ii) the operation of such US Dollar clearing system is subject to the US Dollar Clearing House Rules made by HKICL (“**US Dollar Clearing House Rules**”) and the US Dollar Operating Procedures (“**US Dollar Operating Procedures**”) referred to in the US Dollar Clearing House Rules (as the same may be modified from time to time).
- (e) The Customer agrees that the HKMA shall not be liable to the Customer or other persons in respect of any claim, loss, damage or expense (including loss of business, loss of business opportunity, loss of profit, special, indirect or consequential loss) (even if the HKMA knew or ought reasonably to have known of their possible existence) of any kind or nature whatsoever arising in whatever manner directly or indirectly from or as a result of anything done or omitted to be done by the HKMA bona fide or by any other parties concerned with the US Dollar Clearing House, or by any other person in the management, operation or use (including the termination and / or suspension of the settlement institution, the Clearing Facilities or any member) of the US Dollar Clearing House or the Clearing Facilities or any part of any of them.
- (f) The Customer shall fully indemnify the Bank forthwith on demand in respect of any liability, claim, loss, damages, charges, costs and expense which the Bank may suffer or incur under Rule 2.3.5 of the US Dollar Clearing House Rules (as amended from time to time) by reason of any instruction, request, act or omission of the Customer or otherwise in relation to the Customer’s Account.
- (g) Interest may accrue on the outstanding credit balance on a US Current Account at such rate(s) and subject to such conditions as the Bank may from time to time determine absolutely, provided however that the Bank shall not be obliged to pay any interest on any credit balance.

- 3 If interest on a balance in an Account is to be deposited into another Account where the balance is in a currency different to that of the interest, the interest will be converted to the currency of that other account in the same way that any other deposit would be converted.
- 4 Availability of any of the currencies and terms is subject to change at the Bank's discretion without notice. The Customer should contact the Bank to obtain the latest information.
- 5 The Bank is not responsible for the effect of any laws, regulations, governmental measures or restrictions of any relevant country which may be applicable to any Multicurrency Account or to the assets of the Bank relating thereto; and the Customer accepts all the risks of or arising from any such laws, regulations, governmental measures and restrictions.
- 6 Multicurrency Accounts are subject to any applicable exchange control law.

Section V – Banking Facilities

- 1 Any person may, subject to the Bank's discretion and such terms and conditions as specified from time to time, make an Application for a Facility from the Bank.
- 2 Where any Facilities are provided to the Customer, the Customer agrees to be bound by the Account Terms governing the Facilities and any specific terms and conditions for that particular services. Section VI – Term Deposits

The terms and conditions under this Section VI are supplemental to Part 1 and shall form part of the Account Terms governing Term (fixed and call) Deposit Accounts and other Term Deposit Accounts.

Expressions and terms used in this Section VI have the meanings ascribed to them in Part 1 unless otherwise defined or specified in these terms and conditions.

1 TERM (FIXED AND CALL) DEPOSIT ACCOUNTS

- 1.1 Interest on a fixed deposit shall accrue at such rate as may be determined by the Bank for the entire deposit term specified in the relevant deposit confirmation and is calculated on a simple basis. Interest on a call deposit shall be simple interest accruing from day to day at the call rate specified by the Bank on a daily basis. Details of applicable interest rates are available upon request and displayed at the Bank's branch offices in Hong Kong, its website and / or advertised in the press. Interest shall accrue upon the daily balance of a deposit, calculated on the basis of the actual number of days elapsed (including the first day of the period during which it accrues but excluding the last) and a 360/365 day year, depending on the "day count" convention applicable by market practice to the relevant currency.
- 1.2 Interest shall be payable on the maturity date of a fixed deposit or in the case of a fixed

deposit for 15 months or more, at such other times as may be agreed by the Bank. The Customer shall give the Bank at least one Business Day's notice prior to maturity of a fixed deposit of the Customer's instructions regarding renewal or withdrawal of the fixed deposit and accrued interest. If a fixed deposit is renewed on the maturity date, the applicable interest rate shall be the rate prevailing on such maturity date. In the absence of such instructions, the Bank may, at its discretion, (a) renew the fixed deposit together with accrued interest thereon or the fixed deposit only for the same period as was applicable to the fixed deposit immediately prior to its maturity or for such other period as the Bank considers appropriate and the interest rate applicable shall be the interest rate applied by the Bank with respect to fixed deposits in the currency of the relevant fixed deposit prevailing at the relevant time; or (b) credit the deposit (and interest accrued on it), in whole or in part, to one or more of the Savings Accounts or Current Accounts of the Customer and, if the deposit and / or interest accrued thereon are only partially credited to such Account or Accounts, hold the balance thereof with no obligation to pay further interest until receipt of instructions from the Customer as to treatment of such amount or (c) dispose of the deposit (and interest accrued on it) by such other methods as may be agreed from time to time between the Bank and the Customer. If an automatic renewal instruction of a fixed deposit is given, the interest rate applicable thereto shall be the interest rate at close of business on the renewal date applied by the Bank with respect to fixed deposits in the currency of the relevant fixed deposit. For the avoidance of doubt, unless the fixed deposit is renewed for a new term of deposit or is otherwise credited to a Savings or Current Account with respect to which interest is then payable at the relevant rate(s) applicable to such Account, interest will cease to accrue on the fixed deposit as from the maturity date of such deposit.

- 1.3 Early withdrawal of all or part of a fixed deposit is permitted at the Bank's sole and absolute discretion and in accordance with the Bank's policies regarding fixed deposits in force from time to time. **Notwithstanding that the Bank may agree to allow a withdrawal of a fixed deposit prior to its maturity, no interest shall be payable if any deposit is uplifted prior to its maturity and a premature uplifting charge may also be charged to the Customer at the Bank's sole discretion.**

2 OTHER TERM DEPOSIT ACCOUNTS

- 2.1 The Bank may from time to time offer other term deposit Accounts, which may only be made in the currency and minimum amount, for the period and at the rate accepted by the Bank and as stated in a deposit confirmation issued by the Bank. Any other rates and information provided by the Bank are not binding.
- 2.2 The Customer shall examine each relevant deposit confirmation carefully, and notify the Bank immediately of any error.

3 GENERAL

- 3.1 **A deposit charge determined by the Bank from time to time may be charged by the Bank on any fixed deposit. Details of any deposit charges are available on request and, if in force, shall be displayed at all branches of the Bank in Hong Kong or its website.**
- 3.2 The Bank shall not be liable to the Customer for any diminution in the value of the monies in any deposit Account brought about by taxes, levies or depreciation in the currency in which the deposit is denominated. Apart from any taxes that the Bank is required by applicable law to withhold in connection with a deposit and interest accruing thereon, the Bank is also not responsible for the reporting and / or payment of any taxes in relation to the Customer in Hong Kong or any other country.
- 3.3 Settlement instructions in respect of a fixed deposit at maturity must reach the Bank on or before the maturity of the fixed deposit. The settlement instructions must be in a form acceptable to the Bank and duly signed by the Customer or its Authorized Representative(s), using the specimen signature(s), chop and / or seal filed with the Bank.
- 3.4 If the maturity date of a Hong Kong Dollar deposit falls on a day which is not a Business Day, it shall instead fall on the next Business Day. If the maturity date of a foreign currency deposit falls on a day on which banks in the country of the relevant foreign currency are not open for business, then it shall instead fall on the next day on which such banks are open for business unless the Bank determines that it is desirable for the deposit to mature on the last day on which such banks were open for business prior to the original maturity date.
- 3.5 Deposits are non-transferable, non-assignable or non-negotiable save with the Bank's prior consent.
- 3.6 If any Hong Kong Dollar cheque previously deposited in a foreign currency Fixed Deposit Account is subsequently returned unpaid, the Bank reserves the right to debit any Account of the Customer with any difference in exchange arising from variation of the prevailing buying rate compared against the original selling rate.

Section VII – Debit Card Services

The terms and conditions under this Section VII are supplemental to Part 1 of the Account Terms and shall form part of the Account Terms governing Chong Hing Cards, debit cards issued by the Bank and the Accounts related thereto.

Expressions and terms used in this Section VII have the meanings ascribed to them in Part 1 unless otherwise defined or specified in these terms and conditions.

1 CHONG HING CARD

1.1 General

Chong Hing Cards and / or debit cards issued by the Bank (collectively called "**Card**" in these terms and conditions) are issued to a successful applicant for a Card (called "**Cardholder**" in these terms and conditions) by the Bank. The Card is for the exclusive use of the Cardholder and is not transferable. The Card is the property of the Bank. The Bank reserves the right at all times in its discretion to terminate the use of the Card by the Cardholder or to refuse to issue any new or replacement Card (if applicable) to the Cardholder without giving prior notice to the Cardholder or providing any reason. The

Cardholder must immediately upon demand surrender the Card to the Bank. Without prejudice to the generality of the above provisions, the Bank is entitled to suspend or terminate the use of the Card without giving any prior notice to the Cardholder if the Account(s) to which such Card is related is/are suspended or terminated.

1.2 ATM Services

The Card may be used at:

- (a) ATMs;
- (b) EPS Terminals; and
- (c) any other devices or terminals (if applicable) authorized by the Bank from time to time to process electronic payments or transfers,

whether in or outside Hong Kong.

ATMs, EPS Terminals and such authorized other devices or terminals are collectively referred to as **“terminals”**, and each individually a **“terminal”**. Notwithstanding the above, the Bank reserves the right to add or remove any terminal, or any facilities or services available through the use of the Card, without giving prior notice or reason.

1.3 The PIN

- (a) The Bank will assign to the Cardholder a PIN for use by the Cardholder in connection with the operation of the Card. If the Cardholder does not wish to use a PIN in connection with the operation of the Card, the Cardholder may request the Bank not to assign a PIN to the Cardholder.
- (b) The Cardholder shall destroy the original and any other copy of the PIN after memorizing it. The Cardholder shall in no circumstances write down the PIN on the Card or on anything usually kept with or near the Card. The PIN shall always be disguised if it is written down or recorded in any form.
- (c) The Cardholder shall keep the PIN confidential and shall not disclose the PIN to any other person under any circumstances.
- (d) This Clause 1.3 is without prejudice to the generality of the other provisions under Part 1 and other guidelines or advice rendered by the Bank from time to time.

1.4 Insufficient Funds

The Cardholder shall ensure that there are sufficient funds and / or facilities in the Account(s) before using the Card to effect any transfer, withdrawal or other transaction (called in this Section **“transaction”**) at any terminal authorized by the Bank. **If the transaction results in an overdraft in the relevant Account (except for an RMB Account where no overdraft facility will be allowed), the Cardholder shall pay to the Bank immediately on demand such amount overdrawn, over-transferred or effected together with charges and interest thereon at the amounts and rate chargeable by the Bank from time to time on overdraft Accounts.** Details of such interest rate are available on request and are displayed at all branches of the Bank in Hong Kong or on the Bank's website.

1.5 Bank's Record

The records of the Bank, JETCO, EPS Company and other institutions operating terminals at which the Card may be used in relation to all transactions made by the use of the Card shall in all respects be conclusively binding on the Cardholder for all purposes, save in the case of manifest error.

1.6 Debits

The Cardholder irrevocably authorizes the Bank to debit, without any prior written notice to the Cardholder, from any Account of the Cardholder with the Bank, the amounts withdrawn or transferred by the use of the Card at any terminals and any other sums, interest, fees, costs and expenses payable by the Cardholder under these terms and conditions. For any transaction effected by the use of the Card in a currency other than Hong Kong Dollars, the Bank may at its discretion convert the relevant foreign currency amount into Hong Kong Dollars at the Bank's then prevailing rate of exchange between the relevant currencies on the date of such transaction or when such transaction is processed, as the Bank determines, and then debit such Hong Kong Dollar equivalent from any of the Cardholder's Accounts. **A handling fee will be charged for each transaction effected by the use of the Card at any overseas terminal.**

1.7 Cheque Book Application

Application for a cheque book by the use of the Card at an ATM shall have the same effect as the submission by the Cardholder to the Bank of the Bank's Cheque Application Form duly completed and signed. Cheque books will be sent at the cost of the Cardholder, if any.

1.8 Limits

The Bank shall be entitled from time to time, without giving any prior notice to the Cardholder, to impose a daily overall limit and / or individual transaction limit in terms of the amount, quantity or currency for transactions to be effected by the use of the Card and / or such other restrictions on the use of the Card (whether a limit on amounts for transactions or otherwise) and may waive or vary such limit in respect of any transaction as it may absolutely see fit.

1.9 Responsibility of Bank

- (a) The Bank, JETCO, EPS Company and other institutions operating any other devices or terminals at which the Card may be used are in no circumstances liable to the Cardholder in respect of any loss or damage arising directly or indirectly from:
 - (i) goods or services bought by the Cardholder with the use of the Card;
 - (ii) the refusal of any terminal to honour or accept the Card;
 - (iii) the malfunction or failure of any terminal, which malfunction or failure was obvious and was advised by a message or notice on display or otherwise drawn

to the Cardholder's attention;

- (iv) the inaccuracy of any record or customer advice in respect of any transaction issued by any terminal, save in circumstances involving fraud, negligence or wilful default by the Bank, its employees acting in the course of their employment or agents acting within their apparent authority;
 - (v) the exercise by the Bank of its right to modify, suspend or withdraw any of the facilities and services from time to time available in respect of the Card; or
 - (vi) any request for the return of the Card or the refusal of any person to honour or accept the Card whether or not instructed by the Bank.
- (b) For the avoidance of doubt, the Bank shall not be liable for any act or omission of any merchant shop or establishment including, without limitation, any statement or other communication made or any dispute, claim or complaint in respect of any goods or services supplied in connection with the use of the Card. The Cardholder shall resolve all such claims, disputes or complaints directly with such merchant shop or establishment and such claims, disputes or complaints shall not entitle the Cardholder to revoke, challenge or vary any transfer or payment effected through or by the use of the Card.
- (c) This Clause 1.9 is without prejudice and subject to the generality of the express provisions under Clause 13 of Part 1.

1.10 Liability of Cardholder

- (a) Subject to Clauses 1.10(b) and 1.10(c), the Cardholder is not liable in respect of loss incurred through:
- (i) the misuse of the Card when the Card has not been received by the Cardholder;
 - (ii) all transactions not authorized by the Cardholder after the Bank has been given adequate notification that the Card and / or PIN has been lost or stolen or when someone else knows the PIN (subject however to Clause 1.10(c) below);
 - (iii) faults that have occurred in the terminals, or other systems used, which cause the Cardholder to suffer direct loss unless the fault was obvious or advised by a message or notice on display; or
 - (iv) the use of a counterfeit Card.

The Bank's liability for such losses will in any event not exceed the amounts wrongly charged to the Cardholder's Accounts together with any interest thereon.

- (b) **If the Card or the PIN is lost or stolen or if the Cardholder is aware that a third party knows the PIN, the Cardholder must notify the Bank as soon as reasonably practicable. Prior to the receipt of such notification by the Bank, all transactions effected through or by the use of the Card are conclusively binding on the Cardholder. Provided that the Cardholder has not acted fraudulently, with gross negligence or has not otherwise failed to report to the Bank as soon as reasonably practicable after having found that the Card has been lost, stolen or subject to unauthorized use or that someone else knows the PIN, the maximum liability of the Cardholder for such loss, theft or unauthorized use of the Card is HK\$500.00. Subject to Clause 1.10(c), the Cardholder is not liable for any unauthorized transaction effected after the Bank has received proper notice of the loss or theft of the Card or of the disclosure of the PIN from the Cardholder through the Bank's 24-hour lost card hotline or such other telephone number designated by the Bank by notice displayed at the Bank's branches in Hong Kong, on the Bank's Website or by other means as appropriate from time to time. Any notice of the loss or theft of the Card or of the disclosure of the PIN must be confirmed in writing.**
- (c) **Notwithstanding Clause 1.10(b), the Cardholder is liable for all losses and damages in respect of the use of the Card if the Cardholder has:**
- (i) **acted fraudulently or negligently;**
 - (ii) **failed to inform the Bank as soon as reasonably practicable after becoming aware that the Card has been lost, stolen or the PIN has been disclosed to an unauthorized person; or**
 - (iii) **failed to follow the safeguards or comply with the Cardholder's obligations under Clause 1.3 or other recommendations of the Bank from time to time regarding the safety and security of the Card and the PIN.**

1.11 Charges and Fees

The Bank is entitled to charge an annual fee for the use of the Card and certain other fees from time to time:

- (a) **for other use of the Card or the transactions effected by it; or**
- (b) **in connection with any renewal or replacement of the Card, if applicable.**

Details of the amounts of such fees are available on request and are displayed at all branches of the Bank in Hong Kong or on the Bank's website. The Cardholder irrevocably authorizes the Bank to debit the amounts of any such fees from any Account of the Cardholder with the Bank.

1.12 Use of the Card

The Cardholder agrees and undertakes not to use the Card for any illegal or immoral purposes and the Bank reserves the absolute right at its sole discretion to refuse to honour or process payment for any transactions that are illegal or immoral, or suspected or believed to be illegal or immoral in the view of the Bank as it may absolutely decide.

- (ii) in particular and for clarity, the Bank is not liable for loss, damage or expense of any kind which the Customer or any other person may incur or suffer arising from or in connection with the following (or any of them):

 - (c) any causes (wherever occurring) beyond the Bank's control.
- 3.2 If the country of origin of any Foreign Currency restricts the availability, credit or transfer of any funds in that Foreign Currency, the Bank will have no obligation to pay, from any of the Customer's Accounts, such funds in that Foreign Currency. The Bank may (but

is not obliged to) discharge the Bank's obligations with respect to such funds by paying to the Customer, at any time (whether before or after maturity), such funds in any other Foreign Currency at any Exchange Rate and in any manner as the Bank may determine in its absolute discretion. The Customer agrees that any such payment constitutes good, valid and complete discharge of the Bank's obligations to the Customer with respect to such funds.

- 3.3 Without prejudice to Clauses 3.1 and 3.2 above, the Customer acknowledges that all Foreign Currency deposits are subject to fluctuations in prevailing market conditions which upon maturity will result in either gains or losses to earnings and / or investments.
- 3.4 Except in the case of fraud, negligence or wilful default on the Bank's part, the Customer agrees that the Customer is solely responsible for and bears any and all risks, liabilities, losses and costs in connection with any Foreign Exchange Service if the Customer instructs the Bank to convert any deposit from one currency to another and the Customer indemnifies the Bank on demand and holds the Bank harmless from any liability, loss or costs whatsoever of a reasonable amount and reasonably incurred by the Bank arising from such transactions.

4 Bank as principal

The Bank shall act as the principal in all contracts relating to the Transactions under this Section and will benefit from entering into the Transactions.

Section XIII – Faster Payment System

The terms and conditions under this Section XIII are supplemental to Part 1 and shall form part of the Account Terms governing the Faster Payment System provided by the Bank.

2 Bank Services relating to Faster Payment System

(a) The Bank provides the Bank Services to the Customers to facilitate payments and funds transfers using the Faster Payment System. The Faster Payment System is provided and operated by HKICL. The Bank Services are therefore subject to the rules, guidelines and procedures imposed by HKICL in relation to the Faster Payment System from time to time. This Section XIII governs the Bank's provision to Customers and the Customers' use of the Bank Services in relation to the Faster Payment System. The Bank Services form part of the Bank's Services.

(b) **By requesting the Bank to register any Proxy ID for the Customer in the HKICL FPS or to set up any eDDA for the Customer using the HKICL FPS, or by initiating any payment or funds transfer using the HKICL FPS, the Customer will be regarded as having accepted and will be bound by the provisions of this Section XIII. The Customer should not request the Bank to register any Proxy**

ID or set up any eDDA for the Customer and should not initiate any payment or funds transfer using the HKICL FPS unless the Customer accept the provisions of this Section XIII.

3 Scope of Bank Services and conditions for use

- (a) The Bank provides the Bank Services to its Customers to facilitate payment and funds transfer using the Faster Payment System and the Addressing Service, eDDA Service and any other services and facilities provided by HKICL in connection with the Faster Payment System from time to time. The Bank has the right to set or vary from time to time the scope of the Bank Services and the conditions and procedures for using the Bank Services. In order to use the Bank Services, the Customer has to accept and follow these conditions and procedures.
- (b) The Bank may provide the Bank Services to facilitate payment and funds transfer in any currency (and subject to any threshold limit) specified by the Bank from time to time, including Hong Kong Dollars and Renminbi.
- (c) **In order to enable the Bank to handle an instruction for the Customer in relation to payment or funds transfer using HKICL FPS, the Customer has to provide or input the necessary information and complete the process by such means or in such manner prescribed by the Bank from time to time.**
- (d) All payment or funds transfer transactions using HKICL FPS will be processed, cleared and settled under the interbank clearing and settlement arrangements including without limitation the arrangements in relation to the Faster Payment System agreed by the Participants and HKICL from time to time.
- (e) The Bank reserves the right to restrict, limit, suspend or terminate the Bank Services in whole or in part at any time without giving notice or reason.

4 Addressing Service - registration and amendment of Proxy ID and related records

- (a) In order to use the Addressing Service to receive payment or funds transfer using HKICL FPS, the Customer has to register the Customer's Proxy ID in the HKICL FPS. The Bank has discretion as to whether to offer the FPS Identifier as Proxy ID to the Customer.
- (b) Registration and amendment of Proxy ID and related records in the HKICL FPS must be done in accordance with the applicable rules, guidelines and procedures imposed by HKICL from time to time. In order to enable the Bank to register or amend Proxy ID or any related records for the Customer, the Customer has to provide or input the necessary information and complete the registration process by such means or in such manner prescribed by the Bank from time to time.
- (c) **At any time where the same Proxy ID is registered by the Customer for more than one Account (whether maintained with the Bank or with any other Participant), the Customer must set one Account as the Default Account. By instructing the Bank to set or change the Default Account for the Customer, the Customer consents and authorises the Bank to submit the request on the Customer's behalf to HKICL FPS to override the existing Default Account registered in HKICL FPS.**

5 eDDA Service

In order to enable the Bank to handle a request for the Customer in relation to eDDA setup, the Customer has to provide or input the necessary information and complete the process by such means or in such manner prescribed by the Bank from time to time. The prescribed process may include requiring the relevant parties to set up the eDDA using their respective account numbers or customer identification numbers or codes. For the avoidance of doubt, a Proxy ID is not intended for verifying eDDA setup. Any amendment of a Proxy ID and the related records or termination of a Proxy ID after an eDDA setup will not affect that eDDA.

6 The Customer's responsibility

(a) Present genuine owner or authorised user of Proxy ID and accounts

The Customer can only register the Customer's own Proxy ID for the Customer's own accounts or set up eDDA for the Customer's own Accounts. The Customer must be the present genuine owner or authorised user of each Proxy ID and each Account provided to the Bank for registration in the Addressing Service and the eDDA Service. By instructing the Bank to register any Proxy ID or any Account for the Customer in relation to the Faster Payment System, the Customer confirms that the Customer is the present genuine owner or authorised user of the relevant Proxy ID or account. This is particularly important for mobile phone numbers as they may be recycled in Hong Kong.

(b) Proxy ID

Any Proxy ID to be registered by the Customer for the Addressing Service must satisfy any applicable requirements imposed by HKICL from time to time. For example, HKICL may require the mobile phone number or email address to be registered as Proxy ID to be the same number or address registered by the Customer as contact information on the Bank's records at the relevant time. The Customer understands and agrees that the Bank, other Participants and HKICL have the right and discretion without giving notice to deregister any Proxy ID that is not correct or up-to-date in accordance with available information without the Customer's consent.

(c) Correct information

- (i) **The Customer has to ensure that all the information provided by the Customer for registration or amendment of Proxy ID (or any related records) or for any eDDA setup is correct, complete, up-to-date and not misleading. The Customer has to notify the Bank as soon as reasonably practicable of any changes or updates to such information by such means or**

in such manner specified by the Bank from time to time.

- (ii) The Customer is fully responsible for using the correct and up-to-date Proxy ID and related records in giving each payment or funds transfer instruction. The Customer is solely liable for and will hold the Bank harmless from any incorrect payment or transfer effected by the Bank and HKICL FPS due to incorrect or outdated Proxy ID or related records.

(d) **Timely updates**

The Customer is fully responsible for giving instructions and information changes or updates to the Bank on a timely basis for amending the Customer's Proxy ID (or related records) or any eDDA setup, including without limitation changing the Customer's Default Account, or terminating any Proxy ID or eDDA. The Customer acknowledges that keeping the Customer's Proxy ID, eDDA and all related records up-to-date is critical for ensuring effective execution of payment and funds transfer instructions and for avoiding incorrect payment or transfer due to incorrect or outdated Proxy ID, eDDA or related records.

(e) **Change of Default Account**

If an Account is terminated as the Default Account by the Customer or by the relevant Participant for any reason (including suspension or termination of the account), the system of HKICL will automatically assign the most recently registered record in the Addressing Service that is associated with the same Proxy ID to be the Default Account. If the Customer wishes to set another account as the Default Account, the Customer has to change the registration through the Participant where the Customer maintains that other Account.

(f) **Transactions binding on the Customer**

- (i) For any payment or funds transfer, once the Customer confirms the details of a transaction and submits an Instruction to the Bank, such Instruction and any resulting Transaction is final, irrevocable and binding on the Customer.
- (ii) For any Proxy ID registration or eDDA setup, once the Customer submits an Instruction to the Bank, such Instruction is irrevocable and binding on the Customer. The Customer may amend or cancel any Proxy ID or eDDA setup in accordance with the procedures and requirements prescribed by the Bank from time to time.

(g) **Use Bank Services responsibly**

The Customer must use the Bank Services in a responsible manner. In particular, the Customer has to comply with the following obligations:

- (i) The Customer must comply with all Regulatory Requirements that govern the Customer's use of the Bank Services, including collecting, using and handling the personal data and other information relating to any other person in compliance with the Regulatory Requirements protecting data privacy. The Customer must not use the Bank Services for any unlawful purposes or any purposes other than those authorised or contemplated in the rules, guidelines and procedures of HKICL.
- (ii) In sending remarks or messages to be displayed to recipients or counterparties of the Customer's payment or funds transfer instructions or eDDA setup using HKICL FPS, the Customer should mask the name or other data of such recipients or counterparties to prevent unauthorised display or disclosure of any personal data or confidential data.
- (iii) If the Bank offers the FPS Identifier as Proxy ID to the Customer, the Customer should not repeatedly cancel the registration and request for generation of another FPS Identifier in an attempt to generate a number or value that the Customer desires.

(h) **Other obligations regarding payments and funds transfers**

Any Instruction given by the Customer in relation to the Bank Services will be handled by the Bank in accordance with this Section XIII and the applicable provisions in the Account Terms. The Customer has to comply with the other obligations with respect to payments, funds transfers and direct debit authorisations, including without limitation maintaining sufficient funds in the relevant accounts for settling payment and funds transfer instructions from time to time.

(i) **The Customer is responsible for the Customer's authorised persons**

Where the Customer authorises any other person to give Instructions or requests to the Bank in connection with the use of the Bank Services:

- (i) the Customer is responsible for all the acts and omissions of each person authorised by the Customer;
- (ii) any Instruction or request received by the Bank, believed by the Bank in good faith to be given by the Customer or any person authorised by the Customer, will be irrevocable and binding on the Customer; and
- (iii) the Customer is also responsible for ensuring that each person authorised by the Customer will comply with the provisions of this Section XIII that are applicable to the Customer when acting on the Customer's behalf.

7 The Bank's responsibility and restriction of liability

- (a) The Bank will process and submit the Customer's Instructions and requests to HKICL FPS in accordance with the applicable rules, guidelines and procedures imposed by HKICL from time to time. HKICL FPS has the right to process and execute the Customer's Instructions and requests in such sequence or manner as

HKICL considers appropriate. The Bank has no control over the operation of HKICL FPS nor the timing on which the Customer's Instructions or requests are executed by HKICL FPS. Where the Bank receives status update notifications involving any of the Customer's Proxy ID (or related records) or eDDA setup or any other matter relating to HKICL FPS from or through HKICL FPS from time to time, the Bank will notify the Customer accordingly by such means and at such time as the Bank considers appropriate.

- (b) Without reducing the effect of Clause 7(a) above or the provisions of the Account Terms:

20 Early Termination

20.1 If at any time an Event of Default has occurred and is continuing, the Bank may, by not more than 14 days' notice to the Customer specifying the Event of Default, designate a day

as an Early Termination Date in respect of the affected or all outstanding Transactions (which will terminate on the designated Early Termination Date).

20.2 The Bank will determine in good faith the Bank's losses or gains, and costs, that are or would be incurred or realized under then prevailing circumstances in replacing or providing the economic equivalent of the material terms of each terminated transaction including the remaining payments, deliveries and rights. The Bank will determine such amounts as of a commercially reasonable date, using commercially reasonable procedures and to produce a commercially reasonable result. The Bank may apply different valuation methods to different transactions depending on type, complexity or other relevant factors. The Bank may take into account any relevant information including market data and information from internal sources, and without duplication:

- (a) cost of funding;
- (b) any reasonable loss, cost or gain incurred in connection with the Bank terminating or obtaining any hedge related to a terminated transaction.

All amounts will be expressed in HKD or another currency reasonably chosen by the Bank. The Bank will convert amounts in another currency at its Exchange Rate.

Such amount will be payable on the day specified in the notice (being at least 7 days after the date of the notice), together with interest thereon (before and after judgment) from (and including) the Early Termination Date to (but excluding) the date such amount is paid, at the rate for overdue amounts.

20.4 The parties agree that an amount recoverable under Clause 20.2 is a reasonable pre-estimate of loss and not a penalty. Such amount is payable for loss of bargain and loss of protection against future risks. Except as otherwise provided in a Transaction, neither party will be entitled to recover any additional damages for such losses.

21 Miscellaneous

4 Bank as principal

The Bank shall act as the principal in all contracts relating to the Transactions under this Section and will benefit from entering into the Transactions.

Section VI – Securities Margin Trading

1 General

The terms and conditions under this Section VI are supplemental to Part 1 and Section I of Part 3 and shall form part of the Account Terms governing Securities Margin Trading.

Expressions and terms used in these terms and conditions have the meanings ascribed to them in Part 1 and Section I of Part 3 unless otherwise defined or specified in these terms and conditions.

2 Investment margin account

- 2.1 The Customer may request the Bank to open an investment margin account. The Customer may give the Bank instructions to buy Investments (as defined in Section I of Part 3) on the Customer's behalf. For each Transaction, the Customer will pay an initial cash margin set by the Bank. The Bank may in its discretion accept or decline the Customer's instructions. If the Bank accepts the Customer's instructions, the Bank will finance the balance of the price payable for the Investments by way of a loan to the Customer. All purchased Investments will be held in the Customer's margin account.
- 2.2 The Bank may at any time, without notice, change the type or issue of Investments which the Bank will buy for the Customer's margin account, the amount of margins required, or the amount of the loan available in the Customer's margin account.
- 2.3 All amounts owing by the Customer on the Customer's margin account are repayable on demand.
- 2.4 The Bank may not have time to check whether the Customer has not paid the initial cash margin or has exceeded the undrawn amount of the available loan in the margin account. If either of the foregoing occurs, the Bank may without notice cancel the instruction or sell the purchased Investments. The Customer will indemnify the Bank against all reasonable

losses and expenses.

- 2.5 Upon termination of the Customer's margin account for any reason, the Customer will repay all debit balance together with interest thereon at the rate(s) determined by the Bank.

3 Additional margins

- 3.1 The Customer will on demand pay such additional cash margins as the Bank requires from time to time. The Bank may debit any initial and additional margins from any of the Customer's accounts.
- 3.2 The Bank may at any time without notice apply any cash in the Customer's margin account including margins to reduce any amounts owing by the Customer, in the order the Bank selects.
- 3.3 The Customer will at all times maintain sufficient initial and additional margins in the Customer's margin account, so that the margins plus the market value (as determined by the Bank) of the unsold Investments held in the Customer's margin account will at all times exceed the Customer's outstanding loan by the percentage determined by the Bank and previously notified to the Customer. Failure to do so (whether or not the Customer receives a demand for additional margin) is an Event of Default.
- 3.4 The Customer will stand ready to receive margin calls. A demand for any margin is effective upon a message being left at the Customer's telephone number on any machine or with any person, or upon sending an email or fax to the Customer's email address or fax number known to the Bank, whether or not (or when) the communication is received by the Customer.

4 Charge

- 4.1 The Customer will charge to the Bank all Investments purchased by the Bank for the Customer's margin account as continuing security for the payment of all amounts owing by the Customer to the Bank (whether or not in connection with the Customer's margin account). The charge will extend to all dividends, interest, distributions, allotments, offers, benefits, entitlements, Investments and rights accruing, paid, made, offered or arising in respect of, and the proceeds of sale of, the Investments.
- 4.2 The Customer will within the time required by the Bank do all things which the Bank reasonably requires to perfect the Bank's security interests. The Customer will (where applicable) deposit with the Bank all share and other certificates, and duly signed and stamped instruments of transfer and sold notes, in respect of the charged Investments. They will be held at the Customer's sole risk and reasonable expense. They may be held by the Bank's nominees or agents in or outside Hong Kong. The Bank may at any time register any charged Investments in the name of its nominees, and deposit any charged Investments in any clearing system, without notice and at the Customer's reasonable cost and risk.
- 4.3 The Bank will not be liable for any failure to collect any amount payable on the charged Investments, to pay any call or instalment, or to take any action in respect of them, or for any loss in connection with them.
- 4.4 On release of any Investments, the Bank will discharge its liabilities to the Customer by transferring to an account nominated by the Customer or by making available for the Customer's collection Investments (or certificates, instrument of transfer and sold note) of the same class and denomination (subject to any capital reorganisation which may have occurred).

5 Sale

Before the occurrence of an Event of Default, and subject to the Bank's consent, the Customer may instruct the Bank to sell the Investments in the Customer's margin account.

6 Events of Default

- 6.1 If any Event of Default (as defined in Clause 3.3 above or in Clause 19 of Section I of Part 3) occurs, or if any circumstances arise which in the Bank's opinion might jeopardize its interests in relation to the Customer's margin account, whether or not the Bank has made a call for margin and whether the time to meet the call has expired, all sums owing by the Customer in the Customer's margin account will immediately become due and payable, and the Bank may without notice:
- (a) transfer from any or all of the Customer's accounts (of any nature, and whether the amounts are matured or not) any amounts to the Customer's margin account; and
 - (b) sell any or all of the Investments in the Customer's margin account and use the sale proceeds after deducting all reasonable expenses to pay any amounts owing by the Customer in the order the Bank selects.
- 6.2 If any Event of Default occurs, the Bank may cancel any outstanding instructions or terminate any contracts for the Customer's margin account without notice and without liability.

7 Interest

- 7.1 Interest will accrue on the debit balance in the Customer's margin account at the rates and in the manner decided by the Bank from time to time, and will be debited to the Customer's account at the times decided by the Bank.
- 7.2 Interest will accrue on all sums due from the Customer but unpaid, and on any debit exceeding the pre-arranged loan limit, at the rates decided by the Bank from time to time from the due date until full repayment (before and after judgment).
- 7.3 The Bank will pay interest on the net credit cash balance in the Customer's margin account at the Bank's rate for savings account for the relevant currency.

8 Additional risk disclosure

There is a high degree of leverage associated with margined transactions in Investments because of the small initial margin payable. High leverage can work for as well as against the Customer and can lead to large losses as well as gains. Under certain market conditions, the Customer may find it difficult or impossible to liquidate a position and therefore the

losses may not be limited to the margins or Investments the Customer has paid or charged to the Bank.

Section VII – FX Margin Trading

1 General

The terms and conditions under this Section VII are supplemental to Part I and Section I of Part 3 and shall form part of the Account Terms governing FX Margin Trading.

Expressions and terms used in these terms and conditions have the meanings ascribed to them in Part 1 and Section I of Part 3 unless otherwise defined or specified in these terms and conditions.

2 Contracts

The Customer may, if the Bank agrees, enter into contracts with the Bank (in the Bank's capacity as principal) to sell or buy currencies. The Bank will on request specify the available contract amounts and currencies (which may be changed without notice). The Bank will agree, or designate, a currency to be the base currency for the purposes of calculating any amount payable. The other currency of the currency pair will be the other currency. The exchange rate is fixed at the time of the contract (first contract), but delivery will be deferred until:

- (a) the Customer makes another contract with the Bank for the same currency pair to be delivered by a different party (second contract); or
- (b) the parties agree to effect physical delivery.

3 Netting

The first and second contracts will be netted as follows:

- (a) If the two contracts have the same other currency amount, the party having to pay any larger amount in the base currency will pay the difference in the base currency amount, and both contracts will be discharged.
- (b) If one contract has a larger other currency amount, it will be deemed divided into two contracts: one with the same other currency amount as the other pre-existing contract, to be dealt with as in Clause 3(a); and the other contract will remain in effect.
- (c) If there is more than one second contract, the Bank may decide which to net, unless otherwise agreed with the Customer.
- (d) The Bank may defer netting.

4 Interest

- (a) In respect of a contract from its original settlement date to the date it is discharged, each party will pay interest on the amount to be delivered by it at the rates and manner determined by the Bank from time to time (or in the form of swap points determined by the Bank). Different rates (or swap points) will apply on the amounts payable by the Bank and by the Customer. Such interest is payable monthly (or as otherwise decided by the Bank) and on demand.
- (b) Interests payable may at the Bank's option be netted for each currency.

5 Margins

- (a) The Customer will, before making a contract, deposit with the Bank a cash margin equal to the initial percentage (notified by the Bank from time to time) multiplied by the value (as determined by the Bank) of the contract.
- (b) If at any time the Customer's margin (expressed as a percentage of the value determined by the Bank of the outstanding contracts) falls below the maintenance percentage (being such percentage as notified by the Bank from time to time), the Customer will immediately pay cash to top up the margin to the required initial percentage.
- (c) Margins may not be withdrawn except with the Bank's consent. Unless otherwise agreed by the Bank, no interest will be paid on margins. Interest payable (or swap points) will be calculated at the rate and in the manner determined by the Bank. The Bank may at any time (but is not obliged to) apply the Customer's margins to pay any amount due from the Customer. If the Customer's margin is not sufficient, interest (or swap points) will accrue on the deficit at the rate determined by the Bank from time to time.
- (d) The Bank will calculate the values of all outstanding contracts with reference to a formula determined by the Bank from time to time. The Bank may discount the amount of currency (except HKD or USD) held as margin by the percentages notified by it and take into account any accrued net interest. For cross currency trades and locked positions, unless the Bank decides otherwise, only one set of margin is required.
- (e) The Customer will stand ready to receive margin calls and notices. A demand for any margin is effective upon a message being left at the Customer's telephone number on any machine or with any person, or upon sending an email or fax to the Customer's email address or fax number last known to the Bank, whether or not (or when) the communication is received by the Customer.

6 Close out

The Bank may close out, or at the Customer's cost and risks obtain hedges for, one or more outstanding contracts at any time and without notice after any Event of Default has occurred. Contracts will be closed out by netting in accordance with Clause 3(a) as if relevant second contracts at the Exchange Rates as of the time of closing out had been made. Events of Default are defined in Clause 19 of Section I of Part 3. It is also an Event of Default if the Customer fails to comply with Clause 5(b) or if the Customer's margin (expressed as a percentage of the value determined by us of the outstanding contracts) falls

below the initial percentage by such percentage as notified by the Bank from time to time.

7 Bank as principal

The Bank shall act as the principal in all contracts relating to the Transactions under this Section and will benefit from entering into the Transactions.

Section VIII – FX and Currency Derivative Transactions

The terms and conditions under this Section VIII are supplemental to Part 1 and Section I of Part 3 and shall form part of the Account Terms governing FX and Currency Derivative Transactions.

Expressions and terms used in these terms and conditions have the meanings ascribed to them in Part 1 and Section I of Part 3 unless otherwise defined or specified in these terms and conditions.

 - (l) any event occurs that makes it, in the Bank's bona fide view commercially, impossible for a party (or the Relevant Class) to convert the Minimum Amount of the Event Currency into the Non-Event Currency in the Event Currency Jurisdiction, other than where such impossibility is due solely to the failure by that party (or the Relevant Class) to comply with any law or regulation of the Event Currency Jurisdiction, unless such law or regulation is enacted after the Trade Date and it is impossible for that party (or the Relevant Class) to comply with such law or regulation due to an event beyond its control ("**Specific Inconvertibility**");
 - (m) any event occurs that makes it, in the Bank's bona fide view commercially, impossible for a party (or the Relevant Class) to make a delivery as mentioned in (i) or (ii) of General Non-Transferability, other than where such impossibility is due solely to the failure by that party (or the Relevant Class) to comply with any law or regulation of the Event Currency Jurisdiction, unless such law or regulation is enacted after the Trade Date and it is impossible for that party (or the Relevant Class) to comply with such law or regulation due to an event beyond its control ("**Specific Non-Transferability**").

In that case, that 8th Scheduled Trading Day will be the Expiration Date. - (c) in respect of a share basket transaction for the Shares of each issuer comprised in the Basket, the number of such Shares per Basket specified or otherwise determined according to the Confirmation;

“**Number of Shares to be Delivered**”, in respect of a share option transaction, means a number of Shares equal to the number of options exercised or deemed exercised multiplied by the Option Entitlement, rounded down to the nearest whole Share;

“**Option Entitlement**” means the number of Shares or Baskets per option specified in the Confirmation, or, in the absence of specification, 1 Share or Basket per option;

“**Premium**” means the amount payable by Buyer to Seller on the Premium Payment Date;

“**Premium Payment Date**”, if not specified in the Confirmation, means the date that is 1 Settlement Cycle following the Trade Date;

“**Put Option**” entitles Buyer upon exercise to receive an Option Cash Settlement Amount if Strike Price exceeds Settlement Price (if cash settlement applies) or to sell Shares or Baskets of Shares at Settlement Price per Share or Basket (if physical settlement applies);

“**Scheduled Trading Day**” means any day on which each Exchange and Related Exchange are scheduled to be open for trading for their respective regular trading sessions;

“**Settlement Cycle**” means in respect of a Share, the period of Clearance System Business Days following a trade in the Shares on the Exchange in which settlement will customarily occur according to the rules of the Exchange;

“**Settlement Price**” means in relation to a Valuation Date:

- (a) in respect of a cash-settled share option transaction or share forward transaction, the price per Share determined by the Bank as provided in the Confirmation at the Valuation Time on the Valuation Date or, if no means for determining the Settlement Price are so provided:
 - (i) in respect of any Share for which the Exchange is an auction or “open outcry” exchange that has a price as of the Valuation Time at which any trade can be submitted for execution, the Settlement Price shall be the price per Share as of the Valuation Time on the Valuation Date, as reported in the official real-time price dissemination mechanism for the Exchange; and
 - (ii) in respect of any Share for which the Exchange is a dealer exchange or dealer quotation system, the Settlement Price shall be the mid-point of the highest

bid and lowest ask prices quoted as of the Valuation Time on the Valuation Date (or the last such prices quoted immediately before the Valuation Time), without regard to quotations that “lock” or “cross” the dealer exchange or dealer quotation system;

- (b) in respect of a cash-settled share basket option transaction or a share basket forward transaction, an amount for the Basket determined by the Bank as provided in the Confirmation as of the Valuation Time(s) on the Valuation Date or, if no means for determining the Settlement Price are so provided, an amount for the Basket equal to the sum of the values for the Shares of each issuer as the product of:
 - (i) the Settlement Price of such Share (determined in accordance with (a) above); and
 - (ii) the relevant Number of Shares comprised in the Basket;
- (c) in respect of a physically-settled share option transaction or physically-settled share basket option transaction, an amount equal to the Strike Price multiplied by the Number of Shares to be Delivered;

“**Strike Price**” means the price per Share, or the amount per Basket, specified or determined according to the Confirmation;

“**Shares**” means the securities specified in the Confirmation; and

“**Trade Date**” means the date specified as such in the Confirmation.

Capitalized terms, not otherwise defined, bear the meaning ascribed in the relevant Confirmation.

3 Exercise of an Option

- 3.1 Unless Automatic Exercise is specified to be applicable in the Confirmation, Buyer must give irrevocable notice of its exercise of an option to Seller during the Exercise Period. A notice exercising an option is effective on receipt by Seller within the Exercise Period (in the case of an “American” option, if received after the Latest Exercise Time, the notice takes effect as of 9:00 a.m. (Hong Kong time) on the following Scheduled Trading Day, if any, in the Exercise Period).
- 3.2 Where Multiple Exercise is specified to be applicable in the Confirmation, Buyer must specify in the notice the number of options being exercised, which must not exceed the Maximum Number of Options or be less than the Minimum Number of Options, in each case if specified in the Confirmation. If a number is specified Integral Multiple, the number of options being exercised must be an integral multiple of that number.
- 3.3 An exercise of the option of more than the Maximum Number of Options is an exercise of the Maximum Number of Options. An exercise of the option of less than the Minimum Number of Options is ineffective. An exercise of the option of other than an integral multiple of the Integral Multiple is an exercise of a number of options equal to the next lowest integral multiple of the Integral Multiple. However, Buyer may exercise all remaining options not exceeding the Maximum Number of Options on any Scheduled Trading Day, and any number of options on the Expiration Date.
- 3.4 If **Automatic Exercise** applies, each option not already exercised will, unless Buyer notifies Seller otherwise before such time, be deemed to be automatically exercised at the Expiration Time on the Expiration Date:
 - (a) if cash settlement applies;
 - (b) if physical settlement applies, if the option is In-the-Money as determined by the Bank.
- 3.5 “**In-the-Money**” means:
 - (a) in respect of a call, that:
 - (i) the Reference Price is equal to or greater than the price for a Share at which any Related Exchange would automatically exercise a physically-settled option with the Strike Price relating to such Share; or
 - (ii) if no options relating to such Share are listed on any Related Exchange or no Related Exchange is specified in the Confirmation, the Reference Price is greater than the Strike Price; and
 - (b) in respect of a put, that:
 - (i) the Reference Price is equal to or less than the price for a Share at which any Related Exchange would automatically exercise a physically-settled option with the Strike Price relating to such Share; or
 - (ii) if no options relating to such Share are listed on any Related Exchange or no Related Exchange is specified in the Confirmation, the Reference Price is less than the Strike Price.
- 3.6 “**Reference Price**” means the price per Share or amount per Basket determined as provided in the Confirmation as of the Expiration Time on the Expiration Date or, if no means of determining such price or amount are so provided, in respect of a share option transaction, the Settlement Price of the Share (determined in accordance with paragraph (a) of the definition of “Settlement Price” using the Expiration Time and the Expiration Date for the Valuation Time and the Valuation Date, respectively) and, in respect of a share basket option transaction, the sum of the values calculated as of the Expiration Time on the Expiration Date for the Shares of each issuer as the product of the Settlement Price of such Share (determined in accordance with paragraph (a) of the definition of “Settlement Price” using the Expiration Time and the Expiration Date for the Valuation Time and the Valuation Date, respectively) and the relevant Number of Shares comprised in the Basket.

4 Valuation

4.1 Some definitions:

“**Valuation Time**”, if none is specified in the Confirmation, means the scheduled

weekday closing time of the Exchange or Related Exchange on the relevant Valuation Date, disregarding after hours or other trading outside the regular trading session hours. If the relevant Exchange closes before the specified Valuation Time, the Valuation Time will be the actual closing time;

“Valuation Date”, in respect of an option, means each Scheduled Trading Day within the Exercise Period on which the option is or is deemed to be exercised;

“Disrupted Day” means any Scheduled Trading Day on which a relevant Exchange or Related Exchange fails to open for trading during its regular trading session or on which a Market Disruption Event has occurred;

“Market Disruption Event” means the occurrence or existence of:

- (a) an Exchange Disruption or Trading Disruption, which the Bank determines is material, at any time during 1 hour ending at the relevant Valuation Time or Latest Exercise Time; or
- (b) an Early Closure;

“Exchange Disruption” means any event (other than an Early Closure) that disrupts or impairs (as determined by the Bank) the ability of market participants in general to effect transactions in, or obtain market values for:

- (a) the Shares on the Exchange; or
- (b) futures or options contracts relating to the Share on any relevant Related Exchange;

“Trading Disruption” means any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise:

- (a) relating to the Share on the Exchange; or
- (b) in futures or options contracts relating to the Share on any relevant Related Exchange;

“Early Closure” means the closure on any Exchange Business Day of the relevant Exchange or any Related Exchange(s) prior to its scheduled weekday closing time (disregarding after hours or other trading outside the regular trading session hours) unless such earlier closing time is announced by such Exchange(s) or Related Exchange(s) at least 1 hour prior to the earlier of:

- (a) the actual closing time for the regular trading session on such Exchange(s) or Related Exchange(s) on such Exchange Business Day; and
- (b) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day.

- 4.2 **Consequences of Disrupted Day:** If a Valuation Date, Knock-in Determination Date or Knock-out Determination Date would otherwise be a Disrupted Day, it will instead be the first succeeding Scheduled Trading Day which is not a Disrupted Day, unless each of the 8 Scheduled Trading Days following the original date is a Disrupted Day. In that case, that 8th Scheduled Trading Day will be the Valuation Date, Knock-in Determination Date or Knock-out Determination Date. The Bank will determine its good faith estimate of the value for the Share, or each Share of the Basket which is affected by the occurrence of the Disrupted Days, as of the Valuation Time on that 8th Scheduled Trading Day. In the case of a Share Basket Transaction, the Valuation Date for each Share not affected by an occurrence of the Disrupted Day will remain the Valuation Date.

5 Settlement

5.1 Cash Settlement

In the case of an Option Transaction where Cash Settlement applies, for all options exercised or deemed exercised, Seller will pay to Buyer the Option Cash Settlement Amount, if any, on the Cash Settlement Payment Date.

For the purposes of this Clause 5.1:

“Cash Settlement Payment Date” means any date specified or otherwise determined according to the Confirmation or, if it is not a Business Day, the next following Business Day. If no such date is specified in the Confirmation, the Cash Settlement Payment Date will fall on the date that is one Settlement Cycle following the Valuation Date, or if it is not a Business Day, the next following Business Day. In the case of a Share Basket Transaction, if as a result of the occurrence of a Disrupted Day there is more than one Valuation Date with respect to Shares comprised in the Basket, then the relevant Cash Settlement Payment Date shall be determined by reference to the Valuation Date which is the last to occur;

“Option Cash Settlement Amount” means an amount calculated by the Bank equal to the number of options exercised or deemed exercised multiplied by the Option Entitlement multiplied by the Strike Price Differential;

“Strike Price Differential”, unless otherwise provided in the Confirmation, means an amount equal to the greater of:

- (a) the excess of Settlement Price over Strike Price (for a call), or the excess of Strike Price over Settlement Price (for a put); and
- (b) zero.

On each Cash Settlement Payment Date under a **Forward Transaction** where Cash Settlement applies:

- (a) if the Forward Cash Settlement Amount is a positive number, Seller will pay Buyer the Forward Cash Settlement Amount;
- (b) if the Forward Cash Settlement Amount is a negative number, Buyer will pay Seller the absolute value of the Forward Cash Settlement Amount; and

“Forward Cash Settlement Amount” means an amount calculated by the Bank equal

to the Number of Shares or Number of Baskets multiplied by an amount equal to the Settlement Price minus the Forward Price.

5.2 Physical Settlement

In the case of an Option Transaction where Physical Settlement applies:

- (a) in the case of a call, Buyer will pay to Seller the Settlement Price multiplied by the Number of Shares to be Delivered or Number of Baskets to be Delivered, and Seller will deliver to Buyer the Number of Shares to be Delivered or Number of Baskets to be Delivered, and will pay any Fractional Share Amount;
- (b) in the case of a put, Buyer will deliver to Seller the Number of Shares to be Delivered or Number of Baskets to be Delivered, and will pay any Fractional Share Amount, and Seller will pay to Buyer the Settlement Price multiplied by the Number of Shares to be Delivered or Number of Baskets to be Delivered.

In the case of a **Forward Transaction** where Cash Settlement applies, Buyer will pay to Seller an amount equal to the Forward Price multiplied by the Number of Shares or Number of Baskets, and Seller will deliver to Buyer the Number of Shares or, (in the case of a share basket forward transaction) in respect of each issuer comprising the Basket, the Number of Shares of such issuer multiplied by the Number of Baskets, and will pay any Fractional Share Amount.

Payment and delivery will be made on the Settlement Date to the account specified in the Confirmation through the clearance system(s) customarily used in Hong Kong for settling trades in the relevant Share. If the relevant Clearance System permits settlement to occur on a delivery versus payment basis, settlement will occur on that basis.

5.3 Settlement Method Election

If “Settlement Method Election” is specified in the Confirmation to be applicable to a Transaction, then the party specified as entitled to make the election (or if no party is so specified, the Bank) (“**Electing Party**”) must give irrevocable notice to the other party of its election to have Cash Settlement or Physical Settlement apply to a Transaction. Such notice will be given on or prior to the relevant Settlement Method Election Date. If the Electing Party does not deliver any notice to the other party of the settlement method it elects, the settlement method shall be the default settlement method (“**Default Settlement Method**”) specified in the Confirmation or if no Default Settlement Method is specified in the Confirmation, the settlement method in respect of a share forward or a share basket forward transaction shall be Physical Settlement.

“**Fractional Share Amount**” means an amount in the Settlement Currency representing the fractional Share resulting from the calculation of the Number of Shares to be Delivered or Number of Baskets to be Delivered as determined by the Bank multiplied by:

- (a) in respect of a share option transaction or a share basket option transaction, the Settlement Price attributable to the relevant Share on the date the option is exercised or deemed exercised (determined assuming cash settlement were applicable and the date the option is exercised or deemed exercised were the Valuation Date); and
- (b) in respect of a share forward transaction or a share basket forward transaction, the Settlement Price attributable to the relevant Share on the Valuation Date related to the relevant Settlement Date (or, if there is no such Valuation Date, the date that is one Settlement Cycle prior to the relevant Settlement Date).

“**Settlement Date**”:

- (a) in relation to Shares to be delivered under an option transaction, is the day that falls 1 Settlement Cycle following the Scheduled Trading Date on which the option is exercised,
- (b) in relation to Shares to be delivered under a forward transaction, if not specified in the Confirmation, is the day that falls 1 Settlement Cycle following the Valuation Date,

or, if it is not a Clearance System Business Day, the next Clearance System Business Day. If a Settlement Disruption Event prevents delivery on that date, the Settlement Date will be the first succeeding day on which delivery of the Shares can take place through the relevant Clearance System, unless a Settlement Disruption Event continues on each of the 8 Clearance System Business Days following the original date. In that case:

- (a) if the Shares can be delivered in another commercially reasonable manner, the Settlement Date will be the first day on which settlement customarily would take place following a sale on that 8th day, using such other manner of delivery; and
- (b) if the Shares cannot be delivered in any other commercially reasonable manner, the Settlement Date will be postponed until delivery can be effected through the relevant Clearance System or in a commercially reasonable manner. If such an event affects some but not all of the Shares in a Basket, the Settlement Date for Shares not affected will not be affected. Where some but not all of the Shares in a Basket are to be delivered, the Bank will determine in its discretion the pro rata amount to be paid in respect of the partial settlement.

“**Clearance System Business Day**” means a day on which the relevant Clearance System is open for the acceptance and execution of settlement instructions.

“**Settlement Disruption Event**” means, in relation to a Share, an event beyond the control of the parties which results in the relevant Clearance System being unable to clear the transfer of the Share.

“**Representation**” / “**Agreement**” The party required to deliver Shares agrees that it will convey, and, on each date that it delivers such Shares, represents that it has conveyed, good title to the Shares it is required to deliver, free from:

- (a) any lien, charge, claim or other encumbrance (other than a lien routinely imposed on all Securities by the relevant Clearance System) and any other restrictions whatsoever, including any restrictions under applicable securities laws, without any obligation on the part of the receiver of such Shares in connection with that party’s subsequent sale of such Shares to deliver an offering document, or comply with any

volume or any manner of sale restrictions;

- (b) any and all restrictions that any sale, assignment or other transfer of such Shares be consented to or approved by any person or entity;
- (c) any limitation on the type or status, financial or otherwise, of any purchaser, pledgee, assignee or transferee of such Shares;
- (d) any requirement of the delivery of any certificate, approval, consent, agreement, opinion of counsel, notice or any other document of any person or entity to the issuer of, any other obligor on or any registrar or transfer agent for, such Shares; and
- (e) any registration or qualification requirements or prospectus delivery requirement for such Shares pursuant to applicable securities laws. A party required to deliver Shares under a Transaction represents that to the extent appropriate for the relevant Clearance System, the Shares are properly in book-entry form.

“Failure to Deliver” If the Customer fails to perform any obligation to deliver Shares, it will indemnify the Bank on demand for any costs, losses or reasonable expenses (including the costs of borrowing the relevant Shares, if applicable) resulting from such failure. A certificate signed by the Bank setting out such costs, losses or expenses in reasonable detail will be conclusive evidence that they have been incurred.

“Expenses” The Customer will pay all expenses relating to the transfer of Shares in a physical settlement.

“Dividends” All dividends on Shares to be delivered will be payable to the party that would receive such dividends according to market practice for a sale of such Shares to be settled through the relevant Clearance System on the relevant date the option is exercised or deemed exercised (in the case of a physically-settled share option transaction) or Settlement Date (in the case of a physically-settled share forward transaction).

6 Adjustments

6.1 Adjustments to Shares

Following declaration by the issuer of the terms of a Potential Adjustment Event, the Bank will determine whether such event has a diluting or concentrative effect on the theoretical value of the Shares and, if so, make any adjustments to any one or more of the terms and any variables relevant to the exercise, settlement or payment of the relevant Transaction as appropriate to account for that diluting or concentrative effect, and determine the effective date of the adjustments.

“Potential Adjustment Event” means:

- (a) a subdivision, consolidation or reclassification of the Shares (unless a Merger Event) or a free distribution or dividend of the Shares to existing holders by way of bonus, capitalization or similar issue;
- (b) a distribution or dividend to existing holders of the Shares of:
 - (i) the Shares;
 - (ii) other share capital or Securities granting the right to payment of dividends and / or proceeds of liquidation of the issuer, equally or proportionally with such payments to holders of Shares;
 - (iii) share capital or other Securities of another issuer acquired or owned (directly or indirectly) by the issuer as a result of a spin-off or other similar transaction; or
 - (iv) any other type of Securities, rights, warrants or other assets, in any case for payment (cash or otherwise) at less than the prevailing market price as determined by the Bank;
- (c) an extraordinary dividend (such characterization of the dividend or a part thereof to be determined by the Bank);
- (d) a call by the issuer in respect of the Shares not fully paid;
- (e) a repurchase by the issuer or its subsidiary of the Shares;
- (f) in respect of the issuer, an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of the issuer pursuant to a shareholder rights plan or arrangements directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value, as determined by the Bank, provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights; or
- (g) any other event determined by the Bank to have a diluting or concentrative effect on the theoretical value of the Shares.

Adjustments to certain share transactions in European currencies In respect of Shares originally quoted, listed and / or dealt as of the Trade Date in a currency of a member state of the European Union that has not adopted the single currency in accordance with the EC Treaty, if such Shares are at any time after the Trade Date quoted, listed and / or dealt exclusively in Euro on the relevant Exchange or, where no Exchange is specified, the principal market on which those Shares are traded, then the Bank will adjust any one or more of the prices and any other variable relevant to the Transaction as the Bank determines appropriate to preserve the economic terms of the Transaction. The Bank will make any conversion necessary for the purposes of any such adjustment as of the Valuation Time at any appropriate mid-market Exchange Rate determined by the Bank to be prevailing as of the Valuation Time. No adjustments under this Clause will affect the currency denomination of any payment obligation arising out of the Transaction.

Correction of share prices If any price published on the Exchange and which is utilized for any calculation or determination is subsequently corrected and the correction is published by the Exchange within one Settlement Cycle after the original publication, the Bank will determine the amount that is payable or deliverable as a result of that correction,

and, to the extent necessary, will adjust the terms of the relevant Transaction to account for such correction.

7 Extraordinary Events

7.1 Extraordinary Event means a Merger Event, Tender Offer, Nationalization, Insolvency or Delisting.

“**Merger Event**” means, in respect of any Shares:

- (a) any reclassification or change of the Shares that results in a transfer of or an irrevocable commitment to transfer all Shares outstanding;
- (b) any consolidation, amalgamation or merger of the issuer with or into another entity (unless the issuer is the continuing entity and it does not result in any such reclassification or change of all of the Shares outstanding);
- (c) any takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100% of the outstanding Shares of the issuer that results in a transfer of, or an irrevocable commitment to transfer, all such Shares (other than such Shares owned or controlled by such other entity or person); or
- (d) any other consolidation, amalgamation or merger of the issuer or its subsidiaries with or into another entity in which the issuer is the continuing entity and which does not result in a reclassification or change of all such Shares outstanding, but results in the outstanding Shares (other than Shares owned or controlled by such other entity) immediately prior to such event collectively representing less than 50% of the outstanding Shares immediately following such event (a “**Reverse Merger**”),

in each case if the Merger Date is on or before:

- (a) in the case of a physically settled option transaction, the later to occur of the Expiration Date or, the final Settlement Date;
- (b) in the case of a physically settled forward transaction, the relevant Settlement Date; or
- (c) in any other case, the final Valuation Date.

“**Merger Date**” means the closing date of a Merger Event or, if a closing date cannot be determined under the applicable local law, such other date as determined by the Bank.

“**Tender Offer**” means a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining or having the right to obtain, by conversion or other means, greater than 10% and less than 100% of the outstanding voting shares of the issuer, as determined by the Bank, based upon the filings with governmental or self-regulatory agencies or such other information as the Bank deems relevant.

“**Tender Offer Date**” means the date on which voting shares in the applicable percentage threshold are actually purchased or obtained (as determined by the Bank).

“**Delisting**” means the Shares cease or will cease to be listed, traded or publicly quoted on the Exchange for any reason other than a Merger Event or Tender Offer, and are not immediately re-listed, re-traded or re-quoted on an exchange or quotation system located in the same country.

7.2 If there is a Merger Event or Tender Offer, the Bank will make any adjustments to the exercise, settlement, payment or any other terms of the Transaction as the Bank determines to be appropriate to account for the economic effect on that Transaction of the Merger Event or Tender Offer, and determine the effective date of the adjustments. Alternatively, if the Bank determines that no adjustment could be made to produce a commercially reasonable result, notify the Customer that the Transaction will be cancelled as of the Merger Date or the Tender Offer Date and any payment to be made will be determined in accordance with Clause 7.4.

7.3 If a Nationalization, Insolvency or Delisting occurs, the relevant Transaction will be cancelled as of the Announcement Date and any payment to be made will be determined in accordance with Clause 7.4.

“**Announcement Date**” means:

- (c) in the case of a Delisting, the date of the first public announcement by the Exchange that the Shares will cease to be listed, traded or publicly quoted.

In respect of any Extraordinary Event, if the announcement of such Extraordinary Event is made after the actual closing time for the regular trading session on the relevant Exchange, without regard to any after hours or any other trading outside of such regular trading session hours, the Announcement Date shall be deemed to be next following Scheduled Trading Date.

7.4 Payment

- (a) In respect of an option transaction:
 - (i) the amount to be paid by one party (“Payer”) to the other will be the amount determined by the Bank which may take into consideration any information which it considers appropriate (including any cost arising from unwinding or re-establishing any hedge position with respect to such Transaction); and
 - (ii) the party which shall be the Payer shall be determined by the Bank.
- (b) In respect of a forward transaction, the amount determined by the Bank:
 - (i) to be paid by the Customer being the losses or costs of the Bank (including any cost arising from unwinding or re-establishing any hedge position with respect to such Transaction); or
 - (ii) to be received by the Customer being the gains of the Bank, in each case, that are or would be realised under then prevailing circumstances in replacing, or in providing for the Bank the economic equivalent of the material terms of the relevant Transaction, including the payments and deliveries by the parties under the relevant Transaction that would, but for the occurrence of the Extraordinary Event, have been required on or after the date that the relevant Transaction is, or is deemed to have been, cancelled and the option rights in respect of the relevant Transaction.
- (c) A payment to be made Clause 7.4(a) or 7.4(b) shall be made not later than 3 Business Days following the determination by the Bank of such amount (denominated in the currency for settlement of the Transaction as determined by the Bank) and which party shall pay such amount.

Trading in options is not suitable for many members of the public. The Customer should carefully consider whether trading is appropriate for the Customer in light of the Customer's financial situation, investment experience, investment objectives and other relevant circumstances.

Investing in the Investments involves risks and the Customer should thoroughly read and fully understand these risk disclosure statements, the Account Terms and the Offer Documents. Where applicable, the Customer should take independent legal advice on the applicable laws, rules, codes, guidelines and regulations in relation to the operation of the Investment Account as well as any applicable Offer Documents which are made available for the Customer's collection.

- (a) neither the Bank nor its affiliates provide investment, tax, accounting, legal or other advice in respect of any Transaction;
- (b) the Customer has been given the opportunity to obtain information from the Bank concerning the terms and conditions of each Transaction in order for it to evaluate the merits and risks of the Transaction. Notwithstanding the foregoing, the Customer and its advisors are not relying on any communication (written or oral and including opinions of third party advisors) of the Bank or its affiliates as:
 - (i) legal, regulatory, tax, business, investment, financial, accounting or other advice;
 - (ii) a recommendation to enter into the Transaction; or
 - (iii) an assurance or guarantee as to the expected results of the Transaction.

Any such communication should not be the basis on which the Customer entered into the Transaction, and should be independently confirmed by the Customer and its advisors prior to entering into the Transaction; and

- (c) the Bank and its affiliates may have banking or other commercial relationships with the issuer of any relevant Securities or other instruments or any other person and may engage in proprietary trading in the Securities, other instruments or any related options, futures, derivatives or other instruments (including such trading as the Bank or its affiliates deem appropriate in their sole discretion to hedge their market risk

on any Transaction and other transactions with the Customer or with third parties), and such trading may affect the price of the Securities or other instruments and consequently the amounts payable or deliverable under a Transaction. Such trading may be affected at any time including on or near an exercise date, valuation date or settlement date. The Bank is not obliged to disclose any such relationship or trading to the Customer.

The Customer is strongly advised to seek independent professional advice if the Customer is uncertain of or has not understood any aspect of the Account Terms (including this Section XIII) or the nature and risks involved in any Investments, and also for the Customer's own interest.

3 Bank's disclaimers

The Bank is not an agent or representative of any Manager or other institution engaged in connection with the Investments. All representations, financial information and data that may be provided by the Bank, its agents, officers, employees or representatives are for reference only and are not intended to solicit business or constitute any investment advice or for trading or other purposes. The Bank is not, in any event, liable whatsoever and howsoever for any information in any applicable Offer Documents which information shall be the sole responsibility of the relevant Manager or institution, as the case may be.

4 Risk of trading

The prices of the Investments fluctuate, sometimes dramatically. The price of any Investment may move up or down, and may become valueless. It is as likely that losses will be incurred rather than profit made as a result of buying and selling the Investments.

In certain circumstances, the Customer's right to redeem and / or sell and / or otherwise dispose of the Investments may be restricted and / or the Customer's ability to do so may be limited, inhibited and / or restricted in a certain manner.

5 Risk of trading Growth Enterprise Market stocks

Growth Enterprise Market ("GEM") stocks involve a high investment risk. In particular, companies may list on GEM with neither a track record of profitability nor any obligation to forecast future profitability. GEM stocks may be very volatile and illiquid.

The Customer should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Current information on GEM stocks may only be found on the internet website operated by The Stock Exchange of Hong Kong Limited. GEM companies are usually not required to issue paid announcements in gazetted newspapers.

The Customer should seek independent professional advice if the Customer is uncertain of or has not understood any aspect of this risk disclosure statement or the nature and risks involved in trading of GEM stocks.

6 Accuracy of data

Any past performance data and analyses quoted are not indicative of future performance.

7 Risk of Customer assets received or held outside Hong Kong

Customer assets received or held by the Bank or its subsidiaries outside Hong Kong are subject to the applicable laws, rules, codes, guidelines and regulations of the relevant overseas jurisdiction which may be different from the Securities and Futures Ordinance and the rules made thereunder. Consequently, such Customer assets may not enjoy the same protection as that conferred on Customer assets received or held in Hong Kong.

8 Risk of providing an authority to direct mail to third parties

If the Customer provides the Bank with an authority to direct mail to third parties, it is important for the Customer to promptly collect in person all contract notes and statements of the Customer's account and review them in detail to ensure that any anomalies or mistakes can be detected in a timely fashion.

9 Risk of trading Nasdaq-Amex Securities at The Stock Exchange of Hong Kong Limited

The Investments under the Nasdaq-Amex Program ("PP") are aimed at sophisticated investors. The Customer should consult the Bank and become familiarised with the PP before trading in the PP Investments. The Customer should be aware that the PP Investments are not regulated as a primary or secondary listing on the Main Board or the Growth Enterprise Market of The Stock Exchange of Hong Kong Limited.

10 Risk of funds and unit trusts

Risks are involved in investing in funds and unit trusts. The prices of funds and unit trusts fluctuate, sometimes dramatically. The price of funds and unit trusts may move up or down, and may become valueless. It is as likely that losses will be incurred rather than profit made as a result of buying and selling funds and unit trusts.

Past performance figures are not indicative of future performance. The Customer should carefully read the offering documents for details before making any investment decision.

Investment in funds or unit trusts is different to placing moneys on deposit with a bank. The funds or unit trusts are not deposits or other obligations of, or guaranteed by, the Bank or its affiliates. The fund company or unit trust manager is under no obligation to redeem shares in any fund or unit trust at the price at which they were issued. In certain circumstances, the Customer's right to redeem or sell units in funds or unit trusts may be restricted. Although the Bank may not charge a fee for providing services relating to funds or unit trusts, the Bank will normally be paid a commission or rebate by the fund or unit trust manager.

The markets in which some funds or unit trusts invest may be subject to a higher than usual risk of political or economic instability. The assets of and income from such funds or unit trusts may be affected unfavorably by fluctuations in currency rates, exchange control

and fiscal regulations. As a result, the shares of these funds and unit trusts may be subject to substantial price volatility. Some markets may not be subject to accounting, auditing and financial reporting standards and practices comparable to those applicable in more advanced countries, and there may be less government supervision, legal regulation and less well defined tax laws and procedures than in countries with more advanced securities markets.

Certain funds or unit trusts may invest in higher yielding Securities rated lower than investment grade. Below investment grade Securities, such as high yield debt Securities, may be considered speculative and can include Securities that are unrated or in default. Investment in these funds or unit trusts are accompanied by a higher degree of credit risk than is present in investment in higher rated, lower yielding Securities.

The Customer should carefully consider prior to investing in funds or unit trusts:

- (a) the possible tax consequences;
- (b) the legal requirements; and
- (c) any foreign exchange controls applicable under the laws of the countries of the Customer's incorporation, citizenship, residence or domicile or to the purchase, sale, subscription, holding, conversion or disposal of units in funds or unit trusts.

The market for technology or technology-related funds or unit trusts can be highly volatile and in many cases their prices may reflect market speculation rather than the underlying economic value of such funds or unit trusts.

Capital-guaranteed or capital-preserved funds or unit trusts may be subject to terms and conditions. Redemption of units in the funds or unit trusts prior to fulfilling all the terms and conditions may be subject to market fluctuations or a redemption fee. Capital-guaranteed and capital-preserved funds or unit trusts are not guaranteed by the Bank or its affiliates.

11 Risk of synthetic funds

Synthetic funds can take different forms (e.g. hedge funds, alternative investment funds and offshore funds) and involve a high degree of risk. The Customer should seek independent advice about the particular risks involved and carefully consider any information (including in the offering document) on the relevant Investment. The risks of investing in such synthetic funds could include (without limitation) the following:

- (a) The investment strategies adopted by synthetic funds are often high risk and highly complex. Further, due to the use of leverage, a small movement in the market can lead to a major gain, but any losses will also be sharply magnified. In certain circumstances, the entire amount of the Customer's Investment could be lost.
- (b) The synthetic fund industry is largely unregulated and the availability, quality and flow of information may be significantly less than that for traditional investment products. Investors may not be kept informed about the fund's strategies or changes to the fund management team.
- (c) The liquidity and tradability of synthetic funds can vary a great deal and fixing holding or "lock-up" periods lasting many years are not unusual. Liquidations of such funds may also stretch over many years.
- (d) Certain synthetic funds may provide for powers to compulsorily redeem all or any portion of an investor's holdings at any time and for any reason upon short notice. The proceeds that an investor may receive upon such redemption may be substantially less than the amount invested in the fund.
- (e) Many synthetic funds have an offshore domicile that may be subject to less stringent legislation and supervision, which in turn offers poorer investor protection. Problems or delays may arise in the settlement of buy and sell orders for units in such funds. There is also no guarantee that the Customer's legal rights under the synthetic funds will be enforceable.

12 Risk of securities, FX and other margin trading

The risk of loss in securities margin, leveraged foreign exchange and other margin trading can be substantial. The Customer may sustain losses in excess of the Customer's initial margin funds. Placing contingent orders, such as "stop-loss" or "stop-limit" orders, will not necessarily avoid losses or limit losses to the intended amounts. Market conditions may make it impossible to execute such orders. The Customer may be called upon at short notice to make additional margin deposits or interest payments. If the required margin deposits or interest payments are not provided within the prescribed time, the Customer's position may be liquidated. The Customer will remain liable for any resulting deficit in the Customer's account and interest charged on the Customer's account. A demand for additional deposit is not a precondition to and does not in any way limit the Bank's right to liquidate the Customer's open positions according to the relevant terms and conditions. The Customer should therefore carefully consider whether such trading is suitable in light of the Customer's own financial position and investment objectives.

13 Risk of currency linked deposits

Customers must carefully consider whether Currency Linked Deposit (as that term is defined in Section IV of Part 3) is suitable for the Customer's investment in light of the Customer's financial position, investment objectives and the risks the Customer agrees to bear before investing in Currency Linked Deposit.

Currency Linked Deposit is different from traditional fixed deposit in that it is a type of structured product investment that involves considerable risks. Currency Linked Deposit is not principal protected. The return of Currency Linked Deposit depends on the market conditions prevailing at the fixing time on the Fixing Date. Customers may suffer losses as a result of depreciation in the value of the Linked Currency. Such losses may offset the interest earned on the deposit and may even result in losses to the principal amount of the deposit.

Currency exchange rates are affected by a wide range of factors, including national and

international financial and economic conditions and political and natural events. The effect of normal market forces may at times be countered by intervention by central banks and other bodies. At times, exchange rates and prices linked to such rates may rise or fall rapidly. The related governments or authorities may impose exchange controls or other monetary measures without notice. These controls or measures may have an adverse effect on the convertibility or liquidity of a currency and may have unexpected consequences on Currency Linked Deposit. The Linked Currency (as that term is defined in Section IV of Part 3) credited to the Customer's Settlement Account may be worthless in extraordinary circumstances and the Customer may lose all principal and interest of the deposit.

The maximum return on Currency Linked Deposit is limited to a predetermined amount of principal and interest even if the Customer's view of the market movement of the Linked Currency is correct.

Currency Linked Deposit is not the same as, and should not be regarded as a substitute for, normal fixed deposits.

The Customer investing in Currency Linked Deposit faces issuer's risk including risk on the Bank's creditworthiness and in the event that the Bank becomes insolvent and / or defaults, the Customers will be considered as unsecured creditors and will have no preferential claims to any assets or collaterals). Currency Linked Deposit is subject to both the actual and perceived measures of the creditworthiness of the Bank and there is no assurance of protection against a default by the Bank in respect of its payment obligations. In the worst scenario, such as the insolvency of the Bank, the Customer may lose all principal and interest of the Currency Linked Deposit.

14 Risk of Equity Linked Investments ("ELI") and Equity Linked Notes ("ELN")

ELIs and ELNs are NOT equivalent to, nor should they be treated as a substitute for, time deposits. ELIs and ELNs are NOT protected deposits and are NOT protected by the Deposit Protection Scheme in Hong Kong.

ELIs and ELNs are embedded with derivatives. Derivatives transactions involve risks, especially when selling an option. Although the premium received from selling an option is fixed, Customers may sustain a loss well in excess of such premium amount, and the loss could be substantial.

ELIs and ELNs are not secured by any collateral. When Customers purchase ELIs or ELNs, Customers will be relying on the credit-worthiness of the issuer. In case of default or insolvency of the issuer, Customers can only claim as an unsecured creditor of the issuer, regardless of the performance of the reference asset(s). In the worst case, Customers could suffer a TOTAL LOSS of their investment amount.

The outcome of an investment in an ELI or ELN will depend upon market conditions. The price of the linked asset (such as stocks or ETF) may go up or down. The Customer should be prepared to accept the amount of an ELI or ELN being returned in the form of the linked asset. The market value of the linked asset or its cash equivalent transferred to the Customer would be less than the amount of the ELI or ELN.

The Customer should understand the risks inherent in an ELI and ELN. There is no guarantee that the Customer will get a return on an ELI or ELN. The Customer may suffer capital loss if the price of the linked stock goes down and in an extreme case, the Customer may lose all or a substantial part of the investment.

The Customer is advised to carefully review and understand the relevant product features and risks, and obtain independent professional advice before investing in an ELI or ELN.

15 Structured deposits / investments

Asset Linked Investments (as defined in Section V of Part 3) and Currency Linked Deposits are not a protected deposit and are not protected by the Deposit Protection Scheme in Hong Kong.

16 Risk of trading options

The risk of loss in trading options is substantial. In some circumstances, the Customer may sustain losses in excess of the Customer's initial margin funds. Placing contingent orders, such as "stop-loss" or "stop-limit" orders, will not necessarily avoid loss. Market conditions may make it impossible to execute such orders. The Customer may be called upon at short notice to deposit additional margin funds. If the required funds are not provided within the prescribed time, the Customer's position may be liquidated. The Customer will remain liable for any resulting deficit in the Customer's account. The Customer should therefore study and understand the options before the Customer trades and carefully consider whether such trading is suitable in the light of the Customer's financial position and investment objectives. If the Customer trades options, the Customer should inform itself of exercise and expiration procedures and the Customer's rights and obligations upon exercise or expiry.

The value of an Investment with embedded options fluctuates, sometimes dramatically. The price of an Investment may move up or down and may become valueless. It is as likely that losses will be incurred rather than profit made as a result of buying and selling the Investment. The Customer should study and understand the Investment and its individual structure before the Customer trades and carefully considers whether investment in the Investment is suitable in the light of the Customer's financial position and investment objective. Independent financial and legal advice should be sought if necessary. The payout on an Investment may be linked to the value or performance of an underlying security, index, fund, asset or a combination of the foregoing. The Customer may lose its entire investment or receive, in place of any redemption proceeds, underlying security the market value of which may be significantly lower than the Customer's original investment amount.

17 Variable degree of risk

Transactions in options carry a high degree of risk. Purchasers and sellers of options should familiarise themselves with the type of option (i.e. put or call) which they contemplate trading and the associated risks. The Customer should calculate the extent

to which the value of the options must increase for the Customer's position to become profitable, taking into account the premium and all transaction costs.

The purchaser of options may offset or exercise the options or allow the options to expire. The exercise of an option results either in a cash settlement or in the purchaser acquiring or delivering the underlying interest. If the purchased options expire worthless, the Customer will suffer a total loss of the Customer's investment which will consist of the option premium plus transaction costs. If the Customer is contemplating purchasing deep-out-of-the-money options, the Customer should be aware that the chance of such options becoming profitable ordinarily is remote.

Selling ("writing" or "granting") an option generally entails considerably greater risk than purchasing options. Although the premium received by the seller is fixed, the seller may sustain a loss well in excess of that amount. The seller will be liable for additional margin to maintain the position if the market moves unfavourably. The seller will also be exposed to the risk of the purchaser exercising the option and the seller being obligated to either settle the option in cash or to acquire or deliver the underlying interest. If the option is "covered" by the seller holding a corresponding position in the underlying interest or another option, the risk may be reduced. If the option is not covered, the risk of loss can be unlimited.

Certain exchanges in some jurisdictions permit deferred payment of the option premium, exposing the purchaser to liability for margin payments not exceeding the amount of the premium. The purchaser is still subject to the risk of losing the premium and transaction costs. When the option is exercised or expires, the purchaser is responsible for any unpaid premium outstanding at that time.

18 Terms and conditions of contracts

The Customer should ask the firm with which the Customer deals about the terms and conditions of the specific options which the Customer is trading and associated obligations (e.g. the circumstances under which the Customer may become obliged to make or take delivery of the underlying interest, and expiration dates and restrictions on the time for exercise). Under certain circumstances the specifications of outstanding contracts (including the exercise price of an option) may be modified by the exchange or clearing house to reflect changes in the underlying interest.

19 Suspension or restriction of trading and pricing relationships

Market conditions (e.g. illiquidity) and / or the operation of the rules of certain markets (e.g. the suspension of trading in any contract or contract month because of price limits or "circuit breakers") may increase the risk of loss by making it difficult or impossible to effect transactions or liquidate/offset positions. If the Customer has sold options, this may increase the risk of loss.

Further, normal pricing relationships between the underlying interest and the option may not exist. The absence of an underlying reference price may make it difficult to judge "fair value".

20 Deposited cash and property

The Customer should be familiarised with the protections given to money or other property the Customer deposits for domestic and foreign transactions, particularly in the event of a firm insolvency or bankruptcy. The extent to which the Customer may recover the Customer's money or property may be governed by specific legislation or local rules. In some jurisdictions, property which had been specifically identifiable as the Customer's own will be pro-rated in the same manner as cash for purposes of distribution in the event of a shortfall.

21 Commission and other charges

Before the Customer begins to trade, the Customer should obtain a clear explanation of all commission, fees and other charges for which the Customer will be liable. These charges will affect the Customer's net profit (if any) or increase the Customer's loss.

22 Transactions in other jurisdictions

Transactions on markets in other jurisdictions, including markets formally linked to a domestic market, may expose the Customer to additional risk. Such markets may be subject to regulation which may offer different or diminished investor protection. Before the Customer trades the Customer should enquire about any rules relevant to the Customer's particular transactions. The Customer's local regulatory authority will be unable to compel the enforcement of the rules of regulatory authorities or markets in other jurisdictions where the Customer's transactions have been effected. The Customer should ask the firm with which the Customer deals for details about the types of redress available in both the Customer's home jurisdiction and other relevant jurisdictions before the Customer starts to trade.

23 Currency risks

The profit or loss in transactions in foreign currency-denominated contracts (whether they are traded in the Customer's own or another jurisdiction) will be affected by fluctuations in currency rates where there is a need to convert from the currency denomination of the contract to another currency.

In respect of any Renminbi-denominated contracts, Renminbi is currently not a freely convertible currency and the conversion of Renminbi through banks in Hong Kong is subject to certain exchange controls and restrictions (as the same may be modified, amended or substituted from time to time). As a result, any holding or investment in Renminbi or Renminbi related products may be subject to exchange rate risks (including, but not limited to, lower liquidity and higher volatility) and disruption risks which are less common with respect to freely convertible currencies. The Customer should read the Offer Documents of the relevant Investments for more details.

24 Trading facilities

Electronic trading facilities are supported by computer-based component systems for the

order-routing, execution, matching, registration or clearing of trades. As with all facilities and systems, they are vulnerable to temporary disruption or failure. The Customer's ability to recover certain losses may be subject to limits on liability imposed by the system provider, the market, the clearing house and / or participant firms. Such limits may vary: the Customer should ask the firm with which the Customer deals for details in this respect.

25 Electronic trading and transmission of information

Trading or receiving/sending information on an electronic trading system may differ from trading or receiving/sending information on other electronic trading systems. If the Customer undertakes Transactions on, or receives and / or sends Data, Instructions and / or other information (including, without limitation, confirmations, statements and receipts) over, an electronic trading system, the Customer will be exposed to risks associated with the system including the failure of hardware and software. The result of any system failure may be that the Customer's order is either not executed according to the Customer's Instructions, or that the Data, Instructions and / or other such information is not received and / or sent accurately, or in each case, not at all.

26 Off-exchange transactions

In some jurisdictions, and only then in restricted circumstances, firms are permitted to effect off-exchange transactions. The firm with which the Customer deals may be acting as the Customer's counterparty to the transaction. It may be difficult or impossible to liquidate an existing position, to assess the value, to determine a fair price or to assess the exposure to risk. For these reasons, these transactions may involve increased risks. Off-exchange transactions may be less regulated or subject to a separate regulatory regime. Before the Customer undertakes such transactions, the Customer should be familiarised with applicable rules and attendant risks.

27 Risk of custody

There may be risks in leaving assets in the Bank's safekeeping. For example, if the Bank is holding the Customer's assets and the Bank becomes insolvent, the Customer may experience significant delay in recovering the assets.

28 Savings plan

There may not be an active market for Investments in odd lots, and odd lots may only be sold at a price substantially less than board lots. The Bank may not be able to buy for the Customer the Investments in the required or any quantity. A long term plan may become unsuitable for the Customer by reason of changes in the underlying Investments or in the Customer's circumstances.
